

BRITISH GUIANA
GEOCHEMIST

GEOLOGICAL SURVEY DEPARTMENT
MINISTRY OF FORESTS, LANDS AND MINES

Applicants must have a 1st or good 2nd Class Honours degree in Geology or Chemistry with emphasis on Geochemistry. Experience in geochemical laboratory work and the organisation of geochemical field programmes is essential. Applicants should be familiar with routine procedures of silicate analysis and preferably be acquainted with spectrographic equipment.

To direct and supervise the work of the Chemical, Spectrographic and Assay Laboratories of the Geological Survey. To advise on the planning and organisation of geochemical prospecting programmes, and to undertake interpretation of the results obtained in collaboration with the geologists concerned. To train local staff in geological chemical laboratory techniques.

Candidates must be male, and preferably nationals of the United Kingdom or the Republic of Ireland. Salary £2,125 p.a. 22½% Gratuity. Free passages. Children's education allowances. Paid leave. One tour of 2-3 years.

Please apply giving full names, age, qualifications and experience and quoting RC.218/25/04 to :—

The Appointments Officer,
MINISTRY OF OVERSEAS DEVELOPMENT,
Room 301, Eland House,
Stag Place, Victoria, London, S.W. 1.

BRITISH SOLOMON ISLANDS PROTECTORATE
GEOLOGIST

To undertake geological mapping and evaluation in the field of mineral prospects in connection with U.N. Special Fund aerogeophysical survey.

The qualifications required are a degree in geology with economic geology a major subject. At least four years' post-graduate experience of economic geology in the field, prospecting and evaluating mineral prospects and geological mapping.

Applicants should be willing to serve anywhere in the islands, but likely posting on arrival will be Honiara. Applicants must be male, nationals of the U.K. or Republic of Ireland and under 35 years.

Salary £1,104-£2,462 p.a. according to experience. Contract appointment with gratuity for one tour of two years. Free passages. Paid leave. Children's education allowances. Free medical attention.

Please apply quoting RC 218/27/04 and giving full names, age, qualifications and experience to:—

The Appointments Officer,
MINISTRY OF OVERSEAS DEVELOPMENT,
Room 301, Eland House,
Stag Place, Victoria, London, S.W. 1.

BRITISH GUIANA
PETROLOGIST, GEOLOGICAL SURVEY

To organise and run the petrological laboratory and advise the Director on petrological and mineralogical matters. To assist geologists in routine petrological work and be prepared to undertake advanced petrological and mineralogical studies for the purposes of mineral exploration. Should also be prepared to undergo any necessary field work.

The qualification required is an Honours degree in Geology with post-graduate study leading to a higher degree in Petrology and/or Mineralogy or post-graduate experience in these subjects. Preference will be given to candidates who have undertaken research work upon, or had experience in, petrological or mineralogical problems of an economic aspect. Candidates should be able to undertake determination of minerals by ore microscopy in addition to thin section techniques.

Candidates must be male. Salary £2,125 per annum. Contract of two or three years with gratuity. Free passages. Children's education allowances. Paid leave.

Please apply giving full names, age, qualifications and experience and quoting RC.218/25/03 to :—

The Appointments Officer,
MINISTRY OF OVERSEAS DEVELOPMENT,
Room 301, Eland House,
Stag Place, Victoria, London, S.W. 1.

MALAWI
GEOLOGIST

To undertake geological mapping, geo-chemical surveys, investigation of mineral deposits and possibly water supply investigations.

Applicants must have a 1st or good 2nd class Honours degree in Geology, preferably with experience of geological mapping of metamorphic terrain.

Candidates must be male, nationals of the United Kingdom or the Republic of Ireland and between 20 and 45 years. Salary £1,550 to £2,600 per annum according to post-graduate experience. Gratuity. Free passages. Generous children's education allowances. Paid leave. Free medical attention. One tour of 24–36 months on contract.

Please apply giving full names, age, qualifications and experience and quoting RC 218/134/02 to:—

The Appointments Officer,
MINISTRY OF OVERSEAS DEVELOPMENT,
Room 301, Eland House,
Stag Place, Victoria, London, S.W. 1.

THE UNIVERSITY OF LEEDS

Postgraduate Research in the Department of Geology

Applications are invited from suitably qualified graduates in geology for research leading to a Ph.D.

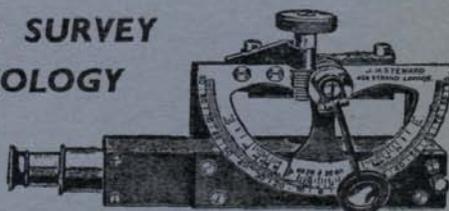

Research openings exist in the following projects :—

- (1) Studies of the Mozambique Belt of Africa.
- (2) Base metal mineralization in central Africa.
- (3) Volcanological problems in Africa and elsewhere.
- (4) Upper Mantle geochemical studies.

D.S.I.R. and Oppenheimer Scholarships are available for up to three years. Expenses for field work in Africa, including air fares, transport, and subsistence in Africa, together with University fees, are provided.

Applications, including the names of two referees, should be submitted to Professor W. Q. Kennedy, Department of Geology, The University, Leeds 2, from whom further particulars may be obtained.

INSTRUMENTS FOR SURVEY FORESTRY AND GEOLOGY

Abney Level.—A useful instrument for use in measuring heights by the 45° method. Price of 5-inch size with draw-tube, slow motion and magnifier, in leather case

The same Level without slowmotion, in case £12 12 0

£11 11 0
Special Topographical Abney and Trailer Tape now made. Details on request. Also **Blume-Leiss** and **Haga Altimeters**.

We specialise in **Clinometers, Plane Tables, Altimeters, Linen and Steel Measures, Compasses, Hypsometers, Binoculars and Telescopes, Magnifiers, Soil Samplers, Geological Hammers, from 15s., etc.**

“LEROY” Lettering Equipment (as U.K. Agents for Keuffel & Esser).

Write for details “G.M.”
