1	Intro	duction: State and Non-state Relations in Governing toward	
	Deca	rbonization	1
	1.1	Why Collaborative Climate Governance Matters	
		in a Global Context	5
	1.2	Aim of the Book	7
	1.3	Theoretical, Methodological, and Empirical Contributions	8
	1.4	Key Terms and Concepts	10
	1.5	Structure of the Book	12
	Refe	rences	15
2	The Interplay between the State and Non-state Actors in the Governance		nce
	of De	ecarbonization: An Analytical Framework	18
	2.1	Introduction	18
	2.2	Governing toward Decarbonization: A Political Challenge	20
		2.2.1 Distinguishing Transitions from Transformations	21
		2.2.2 Carbon Lock-ins and Roadblocks to Decarbonization	22
	2.3	Collaborative Climate Governance: Interactions between	
		the State and Non-state Actors	24
		2.3.1 Regulation	26
		2.3.2 Orchestration	27
		2.3.3 Lobbying and Advocacy Strategies	28
		2.3.4 Contestation	29

vi Contents

	2.4	Evaluating Collaborative Climate Governance: Effectiveness,	
		Legitimacy, and Justice	30
		2.4.1 Effectiveness	31
		2.4.2 Legitimacy	32
		2.4.3 Justice	33
	2.5	Conclusion	34
	Refe	rences	35
3	Swed	len's Emissions and Climate Policy in an International Context	41
	3.1	Introduction	41
	3.2	Greenhouse Gas Emission Trends in Sweden	42
	3.3	Implications of the EU's Climate and Energy Policy for Sweden's	
		Decarbonization	46
		3.3.1 EU Climate Policy and the Role of Sweden	47
		3.3.2 The Interconnection of Sweden's Climate Policy with	
		the EU's Policy Instruments	49
	3.4	Sweden's Role in International Climate Collaboration and Clubs:	
		Beyond the EU	51
	3.5	Sweden's Frontrunner Role: Three Cautionary Tales	54
		3.5.1 Performance and Leadership: Past Successes versus Future	
		Uncertainties 3.5.2 Accounting: Production-versus Consumption-Based Emissions	55 56
		3.5.2 Accounting. Froduction-versus Consumption-based Emissions 3.5.3 Reproducibility: Should Other Countries Emulate Sweden's	30
		Climate Policies?	57
	3.6	Conclusion	58
		rences	60
	recre	conces	00
4		cs and Governance of Sweden's Transformation toward	
		sil-Free Welfare State	63
		Introduction	63
	4.2	Ambitious Goals of Decarbonization versus Incremental Transition	65
	4.3	State-Led Transformations	68
	4.4	Governing Decarbonization in Sweden: Institutional, Economic,	
		Technological, and Behavioral Transformation	72
		4.4.1 Institutional Transformation	75
		4.4.2 Technological Transformation	77
		4.4.3 Economic Transformation	80
	15	4.4.4 Behavioral Transformation	82
	4.5	Carbon Lock-Ins 4.5.1 Institutional Lock-In	85 85
		4.5.2 Technological Lock-In	88
		4.5.3 Behavioral Lock-In	90

		Contents	vii
	4.6	Conclusion	90
	Refe	rences	93
5	Clim	ate Networks to the Rescue? Exploring Stakeholder Perceptions	
		e Effectiveness of Collaborative Climate Governance	96
	5.1	Introduction	96
	5.2	Evaluating the Contributions of Climate Networks	98
		Swedish Climate Networks	100
		5.3.1 Overview of Climate Networks	100
		5.3.2 Expectations	102
	5.4	Methods	104
	5.5	How Climate Networks Are Perceived to Affect Sweden's	
		Decarbonization	105
		5.5.1 Main Driving Force of Decarbonization in Sweden	105
		5.5.2 Different Types of Governance Compared	106
		5.5.3 Motivations for Joining Climate Networks	107
		5.5.4 Impact of Climate Networks	108 109
		<ul><li>5.5.5 Recognition of Climate Networks</li><li>5.5.6 Perceptions of Effectiveness</li></ul>	109
	5.6	Discussion and Conclusions	114
		rences	117
	recre	tenees	117
6		aboard? Inclusiveness in Collaborative Governance among	
		lish Municipalities	119
	6.1	Introduction	119
	6.2	How Municipalities Play a Role in Sweden's Transformation	
		toward a Fossil-Free Welfare State	120
		6.2.1 Climate Networks as Collaborative Governance	122
		6.2.2 Research Approach	125
	6.3		
		Commitments in City Networks	125
		6.3.1 Participation by Municipalities in City Networks	126
	<i>c</i> 4	6.3.2 Greenhouse Gas Emissions by Swedish Municipalities	129
	6.4	1	
		for Decarbonization	130
		6.4.1 The Patchy Landscape of Municipal Climate Action	130
	6.5	6.4.2 The Political Consequences of Unequal Contributions	133
		Conclusion: Advancing Action and Capturing Momentum	134
	Kelei	rences	135
7	Zeroi	ing In on Cities: The Politics of Aspiration and Delay	
	in Ne	et-Zero Emission Targets of Swedish Municipalities	139

viii Contents

	7.1	Introduction	139
	7.2	Methods and Material	141
	7.3	What Makes a Good Net-Zero Emissions Target?	143
		7.3.1 Definition	144
		7.3.2 Scope	145
	7.4	7.3.3 Residual Emissions	146
	7.4	The Heterogenous Landscape of Net-Zero Emission Targets	
		in Swedish Municipalities 7.4.1 Definition	147 148
		7.4.1 Definition 7.4.2 Scope	150
		7.4.3 Residual Emissions	152
	7.5	A Motley Crew of Net-Zero Emission Targets: Politics	
		of Aspiration or Delay?	154
	7.6	Conclusions	157
		rences	158
8	In the	e Shadow of an Oil Refinery: Narrating Just Transitions	
		e City of Lysekil	161
	8.1	Introduction	161
	8.2	Just Transition: A Concept with Multiple Meanings	163
		Narrating Just Transitions: Method and Material	165
		The Preemraff Controversy: Setting the Scene	168
	8.5	Contending Stories of Climate (In)justice	170
		8.5.1 The Distributive Story: Producers Are Not to Blame	171
		8.5.2 The Procedural Story: No Transition without Recognition	173
		8.5.3 The Ecological Story: Protecting the Rights of Nature	175
		Conclusion	176
	Refe	rences	178
