THE EDINBURGH MATHEMATICAL SOCIETY

The Edinburgh Mathematical Society was instituted in 1883 for "the promotion and extension of Mathematical Science, Pure and Applied".

Nominations for Ordinary Membership are received at any one Ordinary Meeting and voted upon at the next. Members receive notices of all meetings and may subscribe to the Proceedings at a reduced rate. Further information about membership can be obtained from the Secretary.

PROCEEDINGS OF THE EDINBURGH MATHEMATICAL SOCIETY

Editors: T. S. BLYTH, R. M. DICKER, J. R. HUBBUCK,
C. J. SHADDOCK, B. D. SLEEMAN, J. H. WILLIAMSON

The Society's Proceedings, containing papers embodying the results of research that is original in matter or manner, are published in parts. Three parts complete a volume. One volume is issued each year. Series I comprised forty-four volumes published from 1886 to 1926. Series II commenced in 1927.

Papers to be considered for publication should be sent to the Secretary. Manuscripts (2 copies) should be typewritten on A4 paper with double spacing and generous margins. The style and arrangement should conform to current practice in the Proceedings. References, including titles of papers, should be given in the form adopted by Mathematical Reviews, footnotes being avoided if possible. Figures should be separated from the text and lettered, ready for photographic reduction; their intended location should be clearly indicated. Manuscripts which are not suitable for submission to the printer will not be accepted. Authors are advised to retain a copy of any material submitted, as the Society cannot accept responsibility for any loss.

A proof is supplied once. Authors are particularly requested to correct and return the proof promptly. Excessive corrections may be charged to authors. Fifty free offprints, and additional copies at cost, will be supplied if ordered on a form returned with the proof.

The *Proceedings* are published at the price of £30.00 (\$75) for a volume of three parts.
