

ANNOUNCEMENT

The International Association for the Study of Child Language will hold the Second International Congress for the Study of Child Language at the University of British Columbia Convention Centre, Vancouver, Canada from August 9 to 14, 1981. Members are eligible to present papers at the Congress and should send abstracts no later than 15 February 1981 to the address below. Abstracts should conform to the guidelines used by the Acoustic Society of America. Also, members will have a reduced registration for the Congress. For information about the Congress, write to: The Second International Congress for the Study of Child Language, The University of British Columbia, School of Audiology and Speech Sciences, 5804 Fairview Crescent, Vancouver, B.C. V6T 1W5, Canada. Non-members interested in joining the Association can do so by sending \$10 (U.S.) to Dr Terry Myers, Treasurer, I.A.S.C.L., Department of Psychology, University of Edinburgh, 7 George Square, Edinburgh EH8 9JZ, Scotland.

The Association would also like to announce the publication of the papers from the First International Congress for the Study of Child Language held in Tokyo, Japan, August 7-11, 1978, which are being published in two volumes. Thirty-two papers are contained in the *Proceedings of the First International Congress for the Study of Child Language*, edited by D. Ingram, F. C. C. Peng, and P. Dale, 1980, 660 pp. This volume is available from University Press of America, 4720 Boston Way, Lanham, MD. 20801, U.S.A. at \$17.75 (U.S.). An additional 24 papers are being published in *Child Language: An International Perspective*, P. Dale and D. Ingram (eds.), by University Park Press of Baltimore, Maryland. This volume will be available in December at a cost of U.S. \$28.95. Both books contain articles on a variety of topics in language acquisition covering phonological, syntactic, semantic, and pragmatic development, the role of the environment, multilingualism and reading, and exceptional language development.
