

CAEP ACADEMIC CONSULTATION SERVICE

CAEP's Academic Section Vision is to promote high-quality emergency patient care by conducting world-leading education and research in emergency medicine. In order to address the variability and tap into the growing expertise of the Academic Section, the consultation service has been created to provide in-depth analysis and best practices to those institutions seeking assistance to improve their performance.

At your department's request, the consultant will meet with members of your department and university administration, and provide an in-depth analysis and best practices to improve your department's performance.

**CONSULTATIONS ARE AVAILABLE IN
THREE AREAS OF EXPERTISE:**

ADMINISTRATION

RESEARCH

EDUCATION

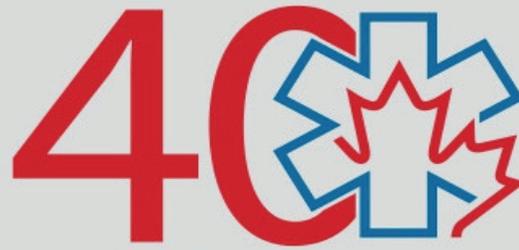

Stronger academic departments will provide the best training for EM physicians to improve improve patient care.

FINANCIAL SUPPORT IS AVAILABLE FROM CAEP.
