08017-Barcelona,
Spain.

OTOLOGY AND AUDIOLOGY COURSE

Glasgow Royal Infirmary

12-16 September, 1988

The Course is primarily intended for trainees in Otolaryngology either Pre- or Post-Fellowship and will consist of lectures, tutorials and practical clinical instruction. The emphasis will be on the diagnosis and management of the common otological conditions in adults and children.

The number of places is limited to 20. The Course fees of £220 are recognized for post graduate training purposes.

For further information and application forms contact:

Mr G. G. Browning
Senior Lecturer in Otolaryngology
Royal Infirmary
Glasgow G4 0SF

COURSE IN ENDOSCOPIC SINUS SURGERY

University of Birmingham, England

5-7 September, 1988

There will be an experienced International teaching faculty and the course will include lectures, T.V. demonstrations and cadaver operations.

This course makes very heavy demands on the availability of surgical equipment and cadavers and in view of this the number of registrations is limited, so early application is advised.

Course fee: £325.

For further information write:

Mr D. J. Brain, F.R.C.S.,
Birmingham Ear, Nose & Throat Hospital,
Edmund Street,
Birmingham B3 3HH,
England.

INTERNATIONAL CONFERENCE

LONDON HILTON HOTEL

19-21 July, 1988

The Conference will combine all aspects of the research, development and clinical applications of Photodynamic Therapy, and will discuss all aspects of Medical and Surgical Laser applications.

Further details may be obtained from:

J. A. S. Carruth, F.R.C.S.,
Postgraduate Centre,
Royal South Hants Hospital,
Graham Road,
Southampton SO9 4PE
Telephone: Southampton 0703 634288.

TEMPORAL BONE SURGICAL DISSECTION COURSE

OFFERED BY

THE DEPARTMENT OF OTOLARYNGOLOGY

THE UNIVERSITY OF MICHIGAN MEDICAL SCHOOL, ANN ARBOR, MICHIGAN

COURSE DIRECTOR: JOHN L. KEMINK, M.D.

1988:	11-15 April:	16-20 May:	17-21 October:	14-18 November
1989:	24-28 April:	22-26 May:	16-20 October:	13-17 November

Intensive one-week courses emphasize the surgical and anatomical approaches to the temporal bone, and are presented in a manner relevant for the otologic surgeon, utilizing lectures, videotapes, and dissection.

Mornings and afternoons are spent in the dissection laboratory, giving extensive drilling experience in temporal bone anatomy and surgical techniques. All instruments and high-speed handpieces will be provided.

Course fee is: Physicians \$1,000 Residents \$750

For further information write:
