

World Statistics in Brief 2nd Edition

This annual publication contains data selected from the wealth of international statistical information compiled by the Statistical Office of the United Nations and the statistical services of other specialized agencies and international organizations. The first part provides population, trade, finance, communication, education and health data for individual member countries of the United Nations. The second part contains demographic, economic and social statistics for the major regions of the world as a whole.

Sales No. E.77.XVII.15

\$3.95

Statistical Yearbook 1976

Important compilations of statistics from countries throughout the world covering a wide range of economic and social subjects, including: population, agriculture, manufacturing, construction, transport, trade, balance of payments, national income, education and culture. Improved statistical coverage has enabled the Yearbook to widen the territorial scope of many of its tables and to provide more comprehensive and accurate world and continental aggregates.

Sales No. E/F.77.XVII.1

Cloth \$45.00

Yearbook of National Accounts Statistics 1976

Detailed estimates of national income and related economic measures for many countries and areas. Among the many subjects covered are: gross domestic product, composition of private consumption expenditure, government and revenue expenditure and external transactions.
