### **Best Paper in Chinese Theory of Management Award**

The ‘theory of Chinese management’ approach (adapting imported theories for the Chinese context) and the ‘Chinese theory of management’ approach (developing original theories for the Chinese context) are both necessary and valuable. To promote original theorizing to account for management phenomena that are particularly salient or unique in China, Peking University Press (PUP) has set up the PUP-MOR Best Paper in Chinese Theory of Management Award. The award aims to recognize the best paper published in *MOR* that addresses new research questions, identifies newconcepts, and/or develop newtheories from the ‘Chinese theory of management’ perspective. The Awards Committee identifies three finalists among the papers published in *MOR* over the previous two years and which are deemed as exemplary of the spirit of this award. Congratulations to the winning authors and all finalists!
