

## **The 12th Congress of the Association of European Psychiatrists (AEP)**

The 12th AEP Congress will take place in Geneva from 14 to 18 April 2004.

A very attractive scientific programme has been built up, whose main ingredients are: a) interactive main sessions, dealing with challenging issues directly relevant to the identity and future of European psychiatry (conflicts of interests in psychiatry; the role of psychodynamic psychotherapy in psychiatric training and practice; community psychiatry: myth or reality?), in which experts with opposite views will debate and the audience will be invited to vote on a number of questions; b) meet the expert sessions, in which some leading figures of European psychiatry will interact freely with a group of about 100 psychiatrists, most of them of the young generation; c) high-quality symposia, dealing with many of the research and clinical issues on which European psychiatry has recently provided the most significant contributions; d) continuing medical education courses, selected by an ad-hoc committee.

For further information, please visit the Congress website ([www.kenes.com/aep2004](http://www.kenes.com/aep2004)).

## Elsevier's online tool for authors, providing an integrated online entry point for all your submission needs.

Authors can submit papers to an Elsevier journal, track the progress of accepted papers through to the published article, as well as stay informed of new journal content and books from Elsevier.

- Find your journal — search by title, keyword or editor; browse by subject area or title.
- Submit your paper — access comprehensive instructions for authors, including online submission where this service is available.
- Track your paper — track the status of your paper from acceptance to publication.
- Set up alerts for your favourite journals — receive tables of contents by e-mail from ContentsDirect.
- Personalise your homepage — create your own unique homepage with quick links to your papers, journals and e-mail alerts.
