Modern Asian Studies

Modern Asian Studies promotes original, innovative and rigorous research on the history, sociology, anthropology and economics of modern Asia. Covering South Asia, South-East Asia, China, Japan and Korea, the journal is published in six parts each year. It welcomes articles which deploy inter-disciplinary and comparative research methods. *Modern Asian Studies* specialises in the publication of longer monographic essays based on path-breaking new research; it also carries substantial synoptic essays which illuminate the state of the broad field in fresh ways. Issues of the journal will occasionally contain a forum of articles on related themes. Responses to issues raised in the fora are welcomed by the Editor and will be subject to the usual review procedure. It contains a book review section which offers detailed analysis of important new publications in the field. Substantial review articles will be commissioned to discuss important new books. The Editor also welcomes proposals for such reviews. Unsolicited review articles will be accepted on the basis of peer review.

Submissions

Modern Asian Studies has moved to online submissions. Papers should be submitted via the following website <http://mc.manuscriptcentral.com/ass>. If there are any difficulties please contact the editorial office at modernasianstudies@cambridge.org

Submission of an article will be taken to imply that it has not been previously published and that it is not on offer to any other publisher. Authors of articles published in the journal assign copyright to Cambridge University Press (with certain rights reserved) and will receive a copyright assignment form for signature on acceptance of their paper. Authors are responsible for obtaining permission to reproduce any material in which they do not own copyright, to be used in both print and electronic media, and for ensuring that the appropriate acknowledgements are included in their manuscript.

The Editor welcomes expression of all shades of opinion, but responsibility for them rests with their author. The Editorial Board regrets that it is not able to relay reports for articles not accepted for publication.

All correspondence should be addressed to: Dr Joya Chatterji at modernasianstudies@cambridge.org

Text and Manuscript Preparation

All articles (text and footnotes) must be clearly typed in single spacing throughout, including footnotes. The use of diacritical marks, italics and capital letters should be kept to a minimum. **All sources or references should be incorporated as footnotes, cited in full in the first instance, within the body of the text. References repeated in the footnotes should be by author and short title.**

Spelling, dates, references and footnote numbers should be checked for accuracy.

The title of the article, the author's name, affiliation, full postal address and corresponding email address, should be typed at the beginning of the article. An abstract of between 100 and 250 words summarising the contents of the article should be typed before the main text. Sub headings must be used for long articles. Do not use Roman Numerals to divide papers into sections.

Tables should be clearly laid out and numbered consecutively. Vertical lines between columns should be omitted. All figures and totals should be checked for accuracy.

Figures should be supplied final size as electronic files in either TIFF or EPS format, scanned at a minimum of 320dpi for black and white halftone, or colour artwork, at 1200 dpi for black and white line art, and at 800 dpi for combination artwork (line/halftone). They should be clearly numbered with an accompanying figure legend. Each figure should be cited at least once in the text. The spelling of place names should be consistent with that used in the text.

When an article has been accepted for publication, the author must submit an electronic copy and should ensure that the final manuscript includes the following:

- Full title and short title of no more than 40 characters, including spaces (for running header)
- Author name, affiliation, full postal address and email address
- Abstract of 100–200 words
- Sub section headings
- All figures and tables (with captions and consecutively numbered)

Proofs

Authors should note that no substantive alterations or additions can be made to first proofs, so should ensure that their Word Document is thoroughly checked for accuracy before final submission.

Offprints

Each author will receive a PDF file of his or her published article.
