E. R. Hargreaves	Wing Commander E. Matthews, OBE, RAF (ret)

Director M. W. Richey, MBE

THE JOURNAL OF NAVIGATION

The *Journal* is published three times a year by Cambridge University Press and is edited by M. W. Richey. It contains original papers contributing to the science of navigation, including those presented at the meetings of the Institute together with the ensuing discussion. In addition the *Journal* includes a record of current navigational work, reviews of important books, and other matters of concern to those interested in navigation. The views expressed in the *Journal* are not necessarily those of the Institute, or of any organization or department to which the authors may belong. Crown Copyright may be reserved.

The *Journal* (ISSN 0020-3009) is issued free to all Members of the Institute. The subscription price to non-members for Volume 35, 1981, is £30 (USA and Canada US \$82.50) post free; single parts are available at £12 (USA and Canada US \$33) plus postage. Orders, which must be accompanied by payment, may be sent to any bookseller or subscription agent or direct to the publishers, Cambridge University Press, The Edinburgh Building, Shaftesbury Road, Cambridge CB2 2RU, or in the USA and Canada to Cambridge University Press, 32 East 57th Street, New York, N.Y. 10022. Back volumes are also available from the Publishers at £24 each.

Enquiries for advertising space should be addressed to Cambridge University Press.

The postal address of the Institute is The Royal Institute of Navigation, at The Royal Geographical Society, 1 Kensington Gore, London SW7 2AT (Telephone : 01-589 5021).

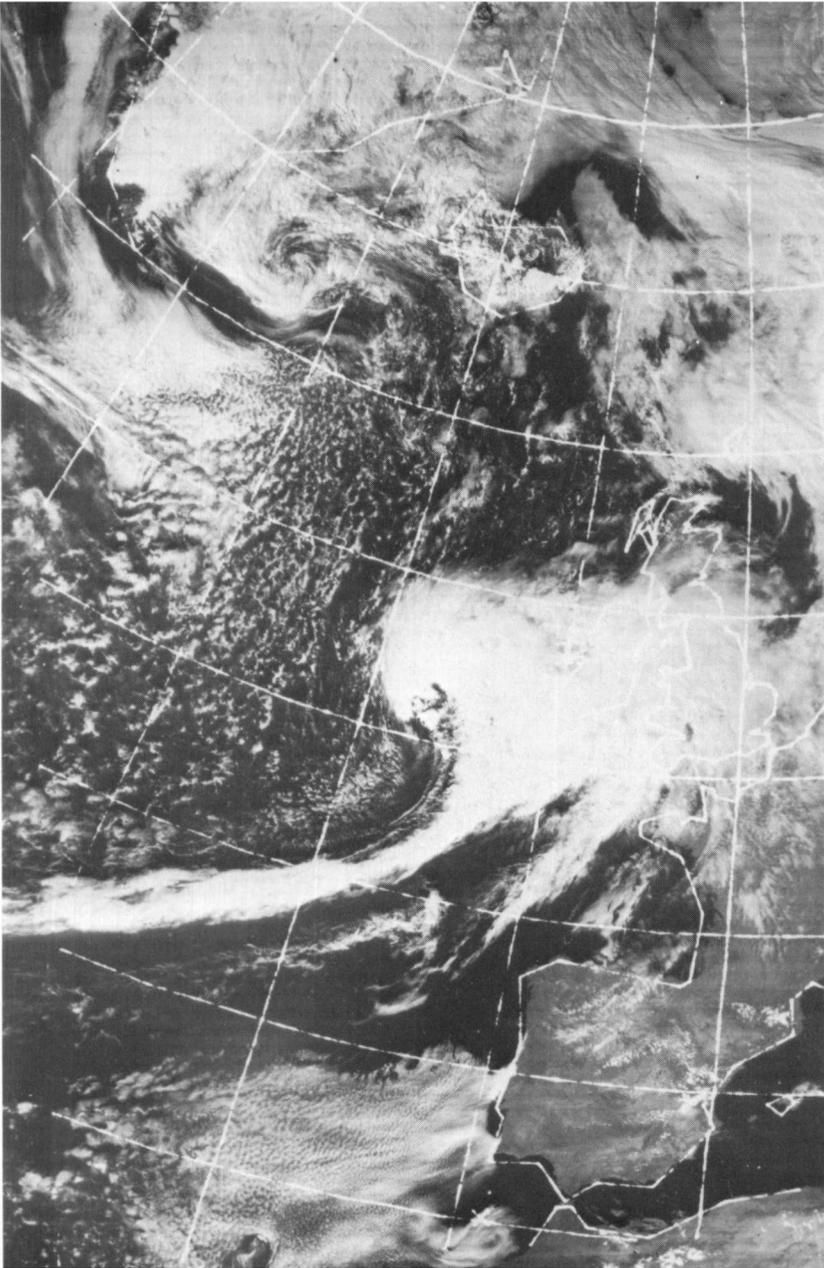

The Post of Director

The Directorship of the Royal Institute of Navigation is expected to fall vacant during 1982 on the retirement of the present *Director*. Applications are therefore invited from any person with suitable experience and qualifications who would wish to be considered by the Council for this appointment.

The Director is responsible for the engagement and management of staff, the financial affairs of the Institute, the handling of Council and Committee work, the organisation of Institute Meetings and Working Parties and cooperation with Branches; he is also responsible for Institute publications.

The Director will be expected to be able to make some personal contribution on a technical as well as administrative level to the activities of the Institute. He will not be expected immediately to assume responsibility for the editing and publication of the *Journal of Navigation*.

Applications should be addressed to the President, Royal Institute of Navigation, at the Royal Geographical Society, 1, Kensington Gore, London SW7 2AT, and marked 'Confidential'.

Low Y seen at 1637 BST, 13 August 1979 by Tiros N on its 4209 orbit. An article describing fresh evidence on the Fastnet storm appears at p.285. (Photo by courtesy of the University of Dundee.)
