# Beyond survival: What are the outcomes that really matter to our patients?

K. A. Mussatto

*Cardiol Young* 2006; 16: 125–127

The above Editorial Comment, which was published in Volume 16, Number 2 (April 2006), the author's name was misspelt. It should have read "Mussatto".

The publisher apologises for this error. The correct reference should therefore be:

Mussatto KA. Beyond survival: What are the outcomes that really matter to our patients? *Cardiol Young* 2006; 16(2): 125–127.
