SOCIAL ADMINISTRATION ASSOCIATION

The Association exists for those whose work consists mainly of teaching or research in the fields of Social Administration and Social Policy. It was formed some years ago to enable staff from universities, polytechnics, technical and other colleges, independent and Government research organisations to meet and discuss matters of common interest.

The Association acts as a representative of its members and of Social Administration through contacts with the Social Science Research Council, the Council for National Academic Awards and the Business Education Council.

The Association has specialist groups which meet to discuss the teaching of social policy, public expenditure and social policy, research policy and the philosophy of social welfare.

The Association also holds an Annual Conference. The 1979 conference will be from 12th to 14th July in Cambridge. The theme will be 'The Law and Social Policy'.

The current membership subscription is £15 per calendar year; this includes the subscription to the Association's Journal, the Journal of Social Policy (four issues per year).

Journal of Social Policy

NOTES FOR CONTRIBUTORS

1. All contributions and correspondence should be sent to: The Editor, *Journal of Social Policy*, Department of Social and Psychological Studies, Chelsea College, University of London, Manresa Road, London SW3 6LX. All books for review should be sent to: The Review Editor, *Journal of Social Policy*, Department of Sociology and Social Administration, University of Southampton, Highfield, Southampton SO9 5NH.
2. Articles should generally contain between 5,000 and 10,000 words including footnotes, although longer or shorter articles may be accepted by arrangement with the Editor. Short articles stand a better chance of early publication.
3. Submission of an article is taken to imply that it has not previously been published, or is not being considered for publication elsewhere. If an author is publishing a related article elsewhere, this fact should be stated.
4. Contributions (articles, review articles, reviews) should be clearly typed on one side of the paper only using a conventional size of paper, preferably A4. All material should be typed double-spaced with generous margins. Contributors should send two copies and keep one copy of the typescript for correcting proofs.
5. Contributions should be accompanied by an abstract of between one and two hundred words.
6. References to books and articles should include the following details: in the case of books, the full title and author or authors, place of publication, publisher and date; in the case of articles, the title and author or authors, full name of the journal, volume, year and page reference (first and last page). References and other footnotes should be numbered consecutively throughout and typed separately at the end of the article. Good articles which contain this bibliographical information will be accepted, even if they do not follow the journal's own arrangement of the information.
7. Tables should be clearly laid out and designed to fit on to a page 234 mm × 155 mm. Vertical lines between columns should be omitted, and horizontal lines limited to the top and bottom of the table, with an additional one below the column headings. Totals and percentages should be labelled, and units identified.
8. Contributors are advised to look through earlier issues of the journal for guidance on points of general style.
9. First proofs may be read and corrected by contributors provided that they can give the editor an address through which they can be reached without delay and can guarantee to return the corrected proofs to the editor, by airmail where appropriate, within seven days of receiving them. The master proof will always be sent direct to the editor by the printer; contributors will receive duplicates.
10. Authors of articles and review articles (but not book reviews) receive twenty-five free offprints. Additional copies may be bought if ordered at proof stage.
11. Contributors of accepted articles will be asked to assign their copyright, on certain conditions to Cambridge University Press, to help protect their material, particularly in the USA.
