

# Paleobiology

Volume 1

Number 2

Spring, 1975

## CONTENTS

- Correlation of density banding in reef coral skeletons with environmental parameters: the basis for interpretation of chronological records preserved in the coralla of corals  
*Jon N. Weber, Eugene W. White, and Patricia H. Weber* 137
- Microevolutionary patterns in Late Cenozoic Radiolaria  
*David E. Kellogg and James D. Hays* 150
- Environmental stability and species proliferation in Late Cambrian Trilobite faunas: a test of the niche-variation hypothesis  
*Jean H. Ashton and A. J. Rowell* 161
- Chromosomal mechanisms in the evolution of artiodactyls  
*Neil B. Todd* 175
- Area, continental drift and mammalian diversity  
*Karl W. Flessa* 189
- Sampling and sample size in ecological analyses of fossil Mammals  
*Ronald G. Wolff* 195
- Brachiopod synecology in a time of crisis (Late Ordovician-Early Silurian)  
*Peter M. Sheehan* 205
- Reviews
- Paléontologie Générale, by Jean Roger  
*Pierre J. Lespérance* 213
- The Economy of Nature and the Evolution of Sex, by Michael T. Ghiselin  
*Harold Demsetz* 216
- The Economy of Nature and the Evolution of Sex, by Michael T. Ghiselin  
*Dennis Nyberg* 220

A quarterly journal of the Paleontological Society

PALEOBIOLOGY  
Department of the Geophysical Sciences  
The University of Chicago  
5734 Ellis Avenue  
Chicago, Illinois 60637 USA

CO-EDITORS: THOMAS J. M. SCHOPF and RALPH G. JOHNSON, University of Chicago

ASSOCIATE EDITORS

Class of 1975

- Botany* BERYL A. SIMPSON, U.S. National Museum  
ROBERT ORNDUFF, University of California, Berkeley
- Paleobotany* THEODORE DELEVORYAS, University of Texas
- Zoology* WILLARD D. HARTMAN, Yale University  
DANIEL S. SIMBERLOFF, Florida State University  
KEITH THOMSON, Yale University
- Paleozoology* PETER W. BRETSKY, State University of New York, Stony Brook  
ROGER L. KAESLER, University of Kansas  
DAVID M. RAUP, University of Rochester  
FRANCIS G. STEHLI, Case Western Reserve University  
HELEN TAPPAN, University of California, Los Angeles  
JAMES W. VALENTINE, University of California, Davis

Class of 1976

- Botany* MARGARET B. DAVIS, Yale University  
DANIEL A. LIVINGSTONE, Duke University
- Paleobotany* THOMAS N. TAYLOR, Ohio State University
- Zoology* FRANCISCO J. AYALA, University of California, Davis  
S. DAVID WEBB, University of Florida
- Paleozoology* RICHARD K. BAMBACH, Virginia Polytechnical Institute  
MARTIN A. BUZAS, U.S. National Museum  
KARL W. FLESSA, State University of New York, Stony Brook  
JAMES A. HOPSON, University of Chicago  
STEVEN M. STANLEY, Johns Hopkins University  
JON N. WEBER, Penn State University
- Anthropology* DAVID PILBEAM, Yale University

Class of 1977

- Botany* JAMES A. TEERI, University of Chicago  
RICHARD EYDE, U.S. National Museum
- Paleobotany* J. WILLIAM SCHOPF, University of California, Los Angeles
- Zoology* WILLIAM A. NEWMAN, Scripps Institution of Oceanography  
DAVID B. WAKE, University of California, Berkeley
- Paleozoology* JAMES R. BEERBOWER, State University of New York, Binghamton  
ROBERT DE MAR, University of Illinois, Chicago Circle  
STEPHEN JAY GOULD, Harvard University  
RICHARD E. GRANT, U.S. National Museum  
JEFFERY LEVINTON, State University of New York, Stony Brook  
JERE H. LIPPS, University of California, Davis  
LEIGH VAN VALEN, University of Chicago

Although published by the Paleontological Society, a subscription to PALEOBIOLOGY is in addition to the society dues. There are three groups of subscribers.

- (1) \$8.00 for members of the Paleontological Society (dues to PS are \$22.00); or ordinary and student members of the Palaeontological Association (dues to PA are \$13.00); PA members in Great Britain may send their payment directly in pounds (cheque payable to PALEOBIOLOGY, for £3.33 to: Dr. C. P. Hughes, Dept. Geology, Univ. Cambridge, Cambridge CB2 3EQ).
- (2) \$12.00 for other individuals.
- (3) \$20.00 for institutions.

Known office of publication: 345 Middlefield Road, Menlo Park, California 94025. Application to mail at second-class postage rates is pending at Menlo Park, California, and additional mailing office.
