

GENERAL NOTES

UNIVERSITY OF LONDON GEOFFREY E. DUVEEN STUDENTSHIP IN OTO-RHINO-LARYNGOLOGY

Applications are invited for the Geoffrey E. Duveen Studentship for 1962-63, value £1,500, for research in any aspect of Oto-Rhino-Laryngology. The Studentship is tenable for one year. Full details obtainable from The Academic Registrar, University of London, Senate House, London W.C.1.

UNIVERSITY OF BAGHDAD

The University of Baghdad has asked the British Council to find British candidates for a number of posts in their Colleges of Medicine at Mosul and Baghdad. One of these appointments is for a Professor of Ear, Nose and Throat Diseases at the College of Medicine, Baghdad.

Anyone interested should communicate with the Director, Recruitment Department, The British Council, 65 Davies Street, London, W.1.

SIXTH INTERNATIONAL CONGRESS OF AUDIOLOGY

The sixth International Congress of Audiology will be held in Leyden, The Netherlands, from September 5th to 8th, 1962.

President: Prof. Dr. H. A. E. van Dishoeck;

Secretary: Drs. A. Spoor.

In the programme are planned three round-table talks, with associated and free papers.

The subject of the round tables are:

“Frequency analysis of the normal and pathological ear.”

Moderator: Prof. Dr. G. von Békésy.

“Central deafness in children.”

Moderator: Prof. Dr. J. M. Tato.

“Psychogenic deafness and simulation.”

Moderator: Prof. Dr. H. A. E. van Dishoeck.

Official languages of the Congress are: English, French, German and Spanish.

Working languages will be: English and French.

The address of the secretariat is:

Ear-Nose-Throat Department,
Academisch Ziekenhuis,
LEIDEN (The Netherlands).

General Notes

UNIVERSITY OF EDINBURGH FACULTY OF MEDICINE THE LLEWELLYN BEVAN PRIZE

This Prize, of the value of about £80, will be open for award in 1962 to a Graduate in Medicine of the University of Edinburgh for the best and approved essay on the Pathology and Treatment of Ménière's or other Disease of the Internal Ear.

Essays (one copy and preferably in typescript) in competition for the Prize must be submitted to the Dean of the Faculty of Medicine, University Medical School, Teviot Place, Edinburgh, 8, not later than October 31st, 1962.

J. H. F. BROTHERSTON,
Dean of the Faculty of Medicine.

LIX^e CONGRÈS FRANÇAIS D'OTO-RHINO-LARYNGOLOGIE

Le LIX^e Congrès Français O.R.L. tiendra ses assises les 8, 9, 10 et 11 Octobre, 1962, au grand amphithéâtre de l'Ancienne Faculté de Médecine de Paris, sous la présidence de Monsieur le Docteur M. OMBREDANNE, avec la présidence d'Honneur de Monsieur le Professeur Léon BINET, membre de l'Institut, Doyen de la Faculté de Médecine de Paris.

Outre de nombreuses communications sur des sujets divers, deux importants rapports sont à l'ordre du jour:

- (1) *Affections oculaires et surdité*. Rapporteurs MM. les Professeurs R. GRIMAUD (Nancy), P. MOUNIER-KUHN (Lyon), MM. les Docteurs M. GIGNOUX et H. MARTIN (Lyon).
- (2) *Aspects histologiques et histochimiques du foyer de l'otospongiose*. Rapporteurs M. L. CHEVANCE avec la collaboration de MM. J. BOUCHE et P. CLERC (Paris).

Pour tous renseignements, écrire au Secrétaire Général: Docteur H. Guillon, 9 avenue Mac-Mahon, Paris XVII^e.

ANNUAL MEETING OF AMERICAN RHINOLOGIC SOCIETY TO BE HELD IN LOS ANGELES, NOVEMBER 1st-2nd, 1962

The eighth annual meeting of the American Rhinologic Society will be held in the Statler Hilton Hotel, Los Angeles, November 1st-2nd, 1962. A scientific programme covering new developments in nasal surgery will be presented on the second day, it was announced by Dr. Charles J. Petrillo of New Haven, President of the Society.

The meeting will be preceded by a three-day course in "Expanded Surgery of the Nasal Septum" to be presented at the Loma Linda University in co-operation with the American Rhinologic Society.

Dr. Maurice H. Cottle, Professor of Otorhinolaryngology at the Chicago Medical School, will be the guest director of the course.

For further information, write to the American Rhinologic Society, 530 Hawthorne Place, Chicago 13, Illinois.

General Notes

THE NATIONAL DEAF CHILDREN'S SOCIETY CONFERENCE ON PSYCHIATRY OF THE DEAF CHILD

On November 1st, 1962, the Medical Research Committee of the National Deaf Children's Society are holding a One-Day Conference at B.M.A. House, Tavistock Square, London, W.C.2. The emotional disturbances of the born deaf who cannot communicate are, at present, an almost unexplored field of psychiatry, and the purpose of the Conference is to interest the psychiatric profession in a new line of research necessary to establish this greatly needed specialist branch of child psychiatry.

The Chairman of the Conference will be Dr. G. E. Godber, C.B., D.M., F.R.C.P., D.P.H., Chief Medical Officer, Ministries of Health and Education and Home Office. Mr. Terence Cawthorne, F.R.C.S., Consultant Adviser in Otolaryngology to the Ministry of Health, will present the otologists' viewpoint, and the guest speaker will be Dr. Frank J. Kallmann of the New York Psychiatric Institute, Director of the New York State Mental Health Scheme.

The Conference Committee are Mrs. P. M. Bloom, B.A., Chairman of the National Deaf Children's Society, Dr. P. Henderson, M.D., D.P.H., Principal Medical Officer of the Ministry of Education, Dr. J. H. Kahn, M.D., Ch.B., D.P.M., Hon. Secretary, Child Psychiatry Section, Royal Medico-Psychological Association, Dr. Gerald O'Gorman, M.R.C.S., M.R.C.P., D.P.M., Chairman of the R.M.P.A. Working Party on the Psychiatric problems of deaf children, together with the following members of the National Deaf Children's Society Medical Research Committee: Sir Geoffrey King, K.C.B., K.B.E., M.C., Mr. Gavin Livingstone, M.B., B.S., F.R.C.S., Mr. Stuart Mawson, M.B., B.Chir., F.R.C.S., Mr. Michael Reed, B.Sc., and Ian G. Robin, M.A., M.B., F.R.C.S., L.R.C.P. (Chairman). The Conference Secretary is Mr. Gordon M. L. Smith, B.A., General Secretary of the National Deaf Children's Society.

Enquiries concerning the Conference should be addressed to Mr. Gordon M. L. Smith, B.A., at the National Deaf Children's Society, 31 Gloucester Place, London, W.1.

EINLADUNG ZUM ÖSTERREICHISCHEN OTO-LARYNGOLOGENTAG

1962

Der Österreichische Oto-Laryngologentag 1962 findet in der Zeit vom 12-14 Oktober 1962 in Innsbruck (Tirol) statt.

Das Thema lautet:

“GRENZGEBIETE DER HALS-NASEN-OHRENHEILKUNDE”.

Es wird kein Referat gehalten. Vorträge zum Thema werden bevorzugt auf das Programm gesetzt (Sprechzeit 15 Minuten, Diskussion und Schlusswort je 3 Minuten). Anmeldung von Vorträgen und Demonstrationen mit kurzer Inhaltsangabe (3-5 Maschinschreibzeilen) bis 15. Juni 1962 an den Schriftführer Dr. Herbert J. Pichler, Wien IX, Alserstrasse 4, I. Univ., Ohrenklinik. Ebenso wird gebeten, spätestens bis 15.6.1962 die Teilnahme an der Tagung an die gleiche Stelle bekanntzugeben.

General Notes

Die Vorträge werden in einem eigenem Kongressband publiziert, der allen Mitgliedern der Gesellschaft kostenlos zugeht.

Die Versendung des Tagungsprogrammes mit Zimmerbestellkarten erfolgt zeitgerecht an alle Mitglieder und an alle schriftlich angesagten Teilnehmer.

Im Rahmen des Kongresses findet eine medizinisch-technische Ausstellung statt.

INTERNATIONAL CONGRESS OF THE HUNGARIAN SOCIETY OF OTO-RHINO-LARYNGOLOGY

This Congress will be held in Budapest from September 19th to September 21st, 1963.

The main subjects to be discussed will be: Tumours of the Paranasal Sinuses; Occupational Ear Disease.

Will those who intend to participate write for further information to: Dr. George Revesz, General Secretary of the Hungarian Society of Otolaryngology, Budapest, 11. Keleti Karoly u. 15/a.

TWO COURSES IN RHINOLOGY TO BE PRESENTED AT LEIDEN UNIVERSITY, HOLLAND, IN JULY, 1963

Two courses in rhinology to be presented at the Leiden University, Holland, in July, 1963, are expected to draw participants from many countries of the world.

A "Boerhaave" course in rhinology will be held July 4th-6th, 1963, and will be followed by the fifth International Course in "Reconstructive Surgery of the Nasal Septum and External Pyramid", July 7th-19th, with the co-operation of the American Rhinologic Society.

Both will be held at the Academisch Ziekenhuis, Afd. Keel-neus-oorheelkunde under the direction of Prof. Dr. H. A. E. van Dishoeck of the University. Dr. Maurice H. Cottle, Professor of Otorhinolaryngology at the Chicago Medical School, will be the guest professor for the two-week course in nasal surgery. Many distinguished specialists from the United States, Europe, and other countries will join in the teaching programme.

Although the courses are a year away, the popularity of previous programmes suggests the need for early arrangements because there is a limit as to the number that can be accommodated.

For further information, write to Prof. Dr. H. A. E. van Dishoeck, Afd. Keel-neus-oorheelkunde, Academisch Ziekenhuis, Leiden, Holland, or to the American Rhinologic Society, 530 Hawthorne Place, Chicago 13, Illinois, U.S.A.

THE NATIONAL DEAF CHILDREN'S SOCIETY

31 GLOUCESTER PLACE, LONDON, W.1

THE PSYCHIATRIC PROBLEMS OF DEAF CHILDREN AND ADOLESCENTS ONE-DAY CONFERENCE at BRITISH MEDICAL ASSOCIATION HOUSE, TAVISTOCK SQUARE, LONDON, W.C.1, on Thursday, November 1st, 1962.

General Notes

Purpose: An almost unexplored field in Psychiatry exists in the investigation and treatment of the emotionally disturbed deaf child who cannot communicate, and the diagnostic problems of the deaf mentally sub-normal, or psychotic child.

The purpose of this Conference is the stimulation of interest and a new line of Research by the psychiatric profession, leading to the development of greatly needed specialist knowledge, within Child Psychiatry, of the special needs of children with defective hearing.

Deaf children who appear to be emotionally disturbed may be sent to psychiatrists who then find it almost impossible to treat such children because of the lack of adequate communication. In the absence of specialist services in Child Psychiatry devoted to the deaf without speech, very little psychiatric treatment of such children can be undertaken.

The parents of deaf children, as well as educational psychologists, otologists and teachers, would be greatly helped by guidance based on psychiatric research such as it is hoped will be stimulated by this Conference.

Will any otologist wishing to attend apply to the Conference Secretary at the National Deaf Children's Society.

FIRST BRITISH ACADEMIC CONFERENCE IN OTOLARYNGOLOGY,

1963

To be held at the Royal College of Surgeons of England, London, W.C.2, from June 17th to 21st inclusive. (Registration from 4 p.m. on Sunday, June 16th.)

His Royal Highness Prince Philip, Duke of Edinburgh, has graciously consented to be Patron of the Conference.

The main subjects for discussion at formal sessions will be:

1. *Vertigo*

Speakers: Lord Brain (G.B.)
Dr. Charles Hallpike (G.B.)
Dr. John Lindsay (U.S.A.)
Dr. W. H. Johnson (Canada)

2. *Stapes Surgery*

Speakers: Dr. John Shea (U.S.A.)
Dr. Harold Schuknecht (U.S.A.)
Mr. G. C. Halliday (Australia)
Dr. J. Sullivan (Canada)
Mr. P. Beales (G.B.)

3. *Chemotherapeutic Treatment of Cancer of Head and Neck*

Speakers: Professor F. Bergel (G.B.)
Mr. P. Clifford (Kenya)
Drs. R. D. Sullivan and Elton Watkins (U.S.A.)
Mr. D. F. N. Harrison (G.B.)

4. *Deafness in Children*

Speakers: Professor Sir Alexander Ewing (G.B.)
Mr. Gavin Livingstone (G.B.)
Miss Edith Whetnall (G.B.)

General Notes

5. *Carcinoma of the Larynx*

Speakers: Professor Sir Brian Windeyer (G.B.)

Dr. E. C. Easson (G.B.)

Mr. Robert Owen (G.B.)

Mr. Philip Reading (G.B.)

In each case the discussion will be initiated by invited persons.

Informal instructional sessions and film shows, also scientific and trade exhibitions, will be arranged.

A Reception will be given by the President and Council of the Royal College of Surgeons on the evening of Tuesday, June 18th.

A Banquet will be held on the evening of Thursday, June 20th.

Enrolment forms and further particulars may be obtained from the Hon. General Secretary, Mr. Ronald Macbeth, Department of Otolaryngology, Radcliffe Infirmary, Oxford.

ROYAL COLLEGE OF SURGEONS OF ENGLAND

The Council, on June 13th, 1962, granted the Diploma of Fellowship of the College to the following eleven candidates who had passed the examination in Oto-Laryngology:

Dunsmore, Romola Diana

Badham, Norman John

Bull, Tony Raymond

Hasnain, Syed Wahaj-Ul

Hardcastle, Brian

Ardouin, Alan Peter

Horowitz, Martin

Jackson, James McGillivray

Taylor, Miles

Aggrawal, Lajpat Rai

McKelvie, Peter

L.R.C.P., M.R.C.S., M.B., B.S.Lond.—Royal Free.

L.R.C.P., M.R.C.S., M.B., B.S.Lond.—King's College.

L.R.C.P., M.R.C.S., M.B., B.S.Lond.—The London.

M.B., B.S., Lucknow, India.

M.B., Ch.B., Leeds.

M.B., B.S., London.—Charing Cross.

M.B., B.Ch., Camb.—Manchester.

M.B., B.S., Durham.

M.B., Ch.B., Sheffield.

M.B., B.S., Punjab.

M.B., Ch.B., Manchester.

EXAMINING BOARD IN ENGLAND BY THE ROYAL COLLEGE OF PHYSICIANS OF LONDON AND THE ROYAL COLLEGE OF SURGEONS OF ENGLAND

DIPLOMA IN LARYNGOLOGY AND OTOLGY

The Secretary reports to the two Royal Colleges that at the First Part of the Examination held in June, 1962, 64 Candidates presented themselves, of whom 20 passed; and that at the Second Part of the Examination held in June, 1962, 46 Candidates presented themselves, of whom 27 passed.

The following 26 Candidates, having complied with the regulations of the Board, are eligible to receive the Diploma, viz.:

Aboosy, Abdul Lateef Jawad

Adlington, Peter

Agarwal, Ravinder Nath

Alidina, Amiral Abdulkarim

Dasgupta, Asokranjan

Dokania, Jai Ram Prasad

Ministry of Health, Rashid Street, Baghdad, Iraq.

Walsh-Waring, Gerald Patrick	Grey Stacks, Burtons Lane, Chalfont St. Giles, Bucks.

POST-TONSILLECTOMY COMFORT

Immediate pain relief—Speedier Convalescence

The pain of traumatized tissues following tonsillectomy, demands its own relief—and points the need for analgesia that quickly reaches the irritated area.

ASPERGUM provides 'salivary analgesia' through the simple act of chewing — it brings pain-relieving acetylsalicylic acid into *intimate* and *prolonged* contact with the tonsillar

region, seldom reached even intermittently by gargling. The rhythmic stimulation of muscular action also aids in relieving *local spasticity & stiffness*; more rapid tissue repair is promoted. Each pleasantly flavoured chewing gum tablet provides $3\frac{1}{2}$ grains acetylsalicylic acid, permitting frequent use. Particularly suitable for children.

Aspergum (Category S)

for more than two decades a dependable
and welcome aid to patient-comfort

Ethically promoted in packages of 16 tablets and moisture proof bottles of 36 and 250
