The author regrets the inclusion of the following errors in the Introduction and References sections of the above article. The error in the Introduction is as follows:

The detection of the zoonotic parasite *Angiostrongylus cantonensis*, the rat lungworm, in the city of Valencia (Spain) in 2021 marked a significant milestone (Galán-Puchades *et al.*, 2022). However, the review conducted in the same year by González and Ruiz de Ybáñez (2022) did not report this finding.

This should be corrected to the following:

The detection of the zoonotic parasite *Angiostrongylus cantonensis*, the rat lungworm, in the city of Valencia (Spain) in 2021 marked a significant milestone (Galán-Puchades *et al.*, 2022). However, a review conducted in 2021 by González and Ruiz de Ybáñez (2022) did not report this finding.

The updated references are as follows:
