

The latest from **Kurt Weyland**

'When do populists destroy democracy? In this nuanced and incisive analysis, Kurt Weyland argues that populist governments erode democracy only under specific conditions. This is a welcome and innovative intervention to an important debate.'

ANNA GRZYMALA-BUSSE, Michelle and Kevin Douglas Professor of International Studies at Stanford University

'In this magisterial study, Weyland analyzes when and how democracies withstand the threat of populist authoritarianism. Weyland's comprehensive analysis is a must-read for all those interested in the prospects for democracy around the world - including for students of American politics who will see recent US experiences set in global perspective.'

FRANCES LEE, Professor of Politics and Public Affairs at Princeton University
