## STATEMENT OF AIMS

*Global Constitutionalism - Human Rights, Democracy and the Rule of Law* (GlobCon) seeks to promote a deeper understanding on the foundations, limitations and principles of political order and their dynamics over time on a global scale. The journal is interested in work that refers to constitutionalism as a template for empirical, conceptual or normative research on past, present and future political and legal practices, within and beyond the state.

All articles are subject to anonymous interdisciplinary peer-review.

*With thanks to the Professorship for Global Public Law and the Center for Global Constitutionalism at the WZB, Berlin, for institutional support.*
