

RETRACTION

Intraindividual cognitive variability: An examination of ANAM4 TBI-MIL simple reaction time data from service members with and without mild traumatic brain injury – RETRACTION

Wesley R. Cole, Emma Gregory, Jacques P. Arrieux, AND F. Jay Haran

doi: 10.1017/S1355617717000856. Published online by Cambridge University Press on 11 September 2017.

An incorrect version of the article by Cole, Gregory, Arrieux, and Haran (2017a) was initially published without approval from the lead author. As such, the original version has been retracted, and the correct version of the article has been published in this issue (Cole, Gregory, Arrieux, and Haran, 2017b). The original version has been updated to indicate the retraction, and the correct version is now the version of record.

Cambridge University Press and the Editor regret the oversight.
