Trust, but Verify
The Politics of Uncertainty and the Transformation of the Cold War Order, 1969-1991
Edited by Martin Klimke, Reinhild Kreis, and Christian F. Ostermann
COLD WAR INTERNATIONAL HISTORY PROJECT

Selfish Libertarians and Socialist Conservatives?
The Foundations of the Libertarian-Conservative Debate
Nathan W. Schlueter and Nikolai G. Wenzel

New from Princeton

Cloth \$29.95

Polarized Making Sense of a Divided America

James E. Campbell

"Regardless of where you stand in the debate about polarization, there is no question that anyone interested in the subject must seriously engage Campbell's nuanced theoretical arguments and careful empirical analyses."

—Morris P. Fiorina,
Stanford University

Cloth \$35.00

Powerplay The Origins of the American Alliance System in Asia

Victor D. Cha

"For any who are interested in thinking about American grand strategy in Asia from a historical or contemporary perspective, Cha's book is worth picking up."

—Zbigniew Brzezinski,
former National Security
Advisor to U.S. President
Jimmy Carter and Counselor
at the Center for Strategic and
International Studies

Cloth \$29.95

Unequal Democracy The Political Economy of the New Gilded Age Second Edition

Larry M. Bartels

"*Unequal Democracy* is the sort of book to which every political scientist should aspire. . . . Bartels's perplexing and often unexpected discoveries should help refocus the gathering public debate about inequality and what to do about it."

—Robert D. Putnam,
author of *Bowling Alone*

Copublished with the Russell Sage Foundation

Paper \$22.95

The Hidden Agenda of the Political Mind How Self-Interest Shapes Our Opinions and Why We Won't Admit It

Jason Weeden & Robert Kurzban

"One of the most interesting books I have read on politics in quite a while. . . . Fascinating."

—Daniel Finkelstein,
The Times (London)

Paper \$22.95

Currency Politics The Political Economy of Exchange Rate Policy

Jeffrey A. Frieden

"Full of wise insights. . . . Frieden has set a high political-economic standard against which other interdisciplinary studies of exchange-rate regimes will have to measure themselves."

—EH.net

Paper \$24.95
Princeton Classics

Politics and Vision Continuity and Innovation in Western Political Thought

Sheldon S. Wolin

Expanded Edition

With a new foreword by Wendy Brown

"The most impressive synoptic interpretation of politics by any recent Western thinker. . . . A remarkable achievement."

—John Dunn, *Times Higher
Education Supplement*

New from Princeton

Paper \$29.95
Cloth \$95.00

Investigating the President Congressional Checks on Presidential Power

Douglas L. Kriner & Eric Schickler

"Brightly illuminating how Congress's formidable powers of publicity constrain the president's choices, Kriner and Schickler map out the pathways by which congressional investigations affect presidents' public standing and policy leadership"

—Frances E. Lee,
University of Maryland

Paper \$32.95
Cloth \$99.50

Dictators and Democrats Masses, Elites, and Regime Change

Stephan Haggard & Robert R. Kaufman

"This is a seminal achievement by two master craftsmen. Substantively innovative, their book addresses the single most widely studied topic in the field of comparative politics. It is certain to be highly influential in shaping scholarly debates about democracy, authoritarianism, and regime change for many years to come."

—Kenneth M. Roberts,
Cornell University

Cloth \$35.00

Free Time

Julie L. Rose

"With uncommon clarity and analytical rigor, Rose succeeds in making the issue of free time philosophically compelling—and she persuades the reader that free time is a matter of justice, which implies that a just state must guarantee citizens a fair share. Rose's arguments cut to the heart of daily life and rearrange our conventional wisdom."

—Rob Reich, Stanford University

Cloth \$29.95

John Adams and the Fear of American Oligarchy

Luke Mayville

"Remarkably well-written and astonishingly lucid, *John Adams and the Fear of American Oligarchy* makes an absolutely central point about Adams's thought, persuasively reestablishing him as a genuine democrat in his ultimate sympathies."

—Sanford Levinson, University of Texas Law School

Cloth \$39.50

Resolve in International Politics

Joshua D. Kertzer

"Resolve is central to much international relations theorizing, but all too often is underanalyzed. Not in this book. Kertzer develops and tests the foundations of resolve by combining the characteristics of the actor and the situation. Using experiments and historical data, *Resolve in International Politics* moves us a big step forward."

—Robert Jervis, Columbia University

Cloth \$39.95

An Age of Risk Politics and Economy in Early Modern Britain

Emily C. Nacol

"*An Age of Risk* reconstructs the role of risk and uncertainty in regulating the ideas of Hobbes, Locke, Hume, and Smith, to produce an engaging genealogy of a modern, anxious liberalism. Its fluid prose and nuanced argument cleverly challenges risk-averse liberals who think the history of political and economic thought has nothing to teach them."

—Duncan Kelly,
University of Cambridge

Politics & International Relations

Books and Journals from
Cambridge University Press

The politics list at Cambridge is one of unparalleled quality and range.

Our books list routinely tops surveys of political scientists for the calibre of its output, which includes field-defining series such as Cambridge Studies in Comparative Politics, Cambridge Studies in International Relations and Cambridge Texts in the History of Political Thought.

American Political Science Review and *International Organization* are widely recognised as the leading generalist journals in political science and international relations, while the likes of *British Journal of Political Science* and *World Politics* remain essential reading for researchers worldwide.

For students and scholars across the breadth of political enquiry, Cambridge is the resource of choice.

Timely APSA Report Explores Inequalities in the Americas

The Double Bind: The Politics of Racial and Class Inequalities in the Americas

The 2016 task force report “The Double Bind” investigates

how race and class interact to produce political, social, and material inequalities in the nations of the Americas. Political science has begun to pay greater attention to the causes and consequences of inequality, but the recent literature on inequality in political science has focused on how rising income inequality affects political representation. The task force delves further.

The authors grapple with both the problem of rising socioeconomic inequality as well as the multifaceted racial gaps that exist throughout the Americas. They examine how race and class inequalities are epiphenomena of politics. They organized their inquiries around the role of institutions, social movements, party politics, and the mobilizing power of group memberships. They found that low socioeconomic status and the incentives of the party system hinder ethnoracial minorities from translating their demographic potential and civic participation into meaningful socioeconomic gains. This disparity persists even in countries where minorities represent a large percentage of the population and participate actively in elections.

Read “The Double Bind” at <http://www.apsanet.org/inequalities>. This timely report is a free digital publication written to expand public knowledge and inform policy. Feel free to download share it with colleagues.

Wealth, Poverty and Politics

Wealth, Poverty and Politics by Thomas Sowell is a new approach to understanding age-old issues about economic disparities among nations and within nations. These disparities are examined in the light of history, economics, geography, demography and culture.

Wealth, Poverty and Politics is also a challenge to much that is being said today about income distribution and wealth concentration—a challenge to the underlying assumptions and to the ambiguous words and misleading statistics in which those assumptions are embedded, often even by leading economists. This includes statistics about the much-discussed “top one percent.”

This revised and enlarged edition should be especially valuable to those who teach, and who want to confront their students with more than one way of looking at issues that are too important to be settled by whatever the prevailing orthodoxy happens to be.

At a time when many politicians, academics and media commentators are focusing on income inequality, Thomas Sowell’s *Wealth, Poverty and Politics: An International Perspective* offers a refreshing and stimulating view.

(Professor John B. Taylor, Stanford University)

A true gem in terms of exposing the demagoguery and sheer ignorance of politicians and intellectuals in their claims about wealth and poverty . . . Dr. Sowell’s new book tosses a monkey wrench into most of the things said about income by politicians, intellectuals and assorted hustlers, plus it’s a fun read.

(Professor Walter E. Williams, George Mason University)

Sowell... draws from this well of research to do what he has done so well for so long: question basic assumptions behind public policy and follow the facts where they lead him.

(Jason Riley, *Wall Street Journal*)

It’s a scandal that economist Thomas Sowell has not been awarded the Nobel Prize. No one alive has turned out so many insightful, richly researched books. His latest is another triumph of crackling observations that underscore the ignorance of our economists and policymakers. His take on how culture, geography, politics and social factors affect how societies progress— or don’t— will rile those addicted to political correctness but leave everyone else wiser.

(Steve Forbes, *Forbes* magazine)
