## ***Instructions for Contributors***

*The China Quarterly* welcomes the submission of manuscripts from scholars, including postgraduate students, on all aspects of contemporary China and from all points of view, including those which deal with Taiwan and Overseas Chinese. Articles on China prior to 1949 are also welcome, particularly, but not exclusively, when these relate directly to contemporary China or to the history of the Chinese Communist Party.

*The China Quarterly* will consider two main types of submissions: Regular articles (up to 8,000 words, including footnotes): in-depth and theoretical pieces which should present original research in combination with analytical argument; Research reports (up to 4,000 words, including footnotes): shorter pieces based on primary research and empirical evidence.

Manuscripts should be submitted to *The China Quarterly* Editorial Office, School of Oriental and African Studies, Thornhaugh Street, London, WC1H 0XG, UK, chinaq@soas.ac.uk. If you submit a hard copy, please provide a *master copy* containing full contact details and an anonymised electronic version of the article (preferably as a Word document) on disc. If you send your manuscript by email, please make sure you include your full contact details and send an anonymised copy of the article as well as a master copy. An abstract of 100–150 words should also be provided. All submissions should be typed in double-spacing with footnotes at the end; and should conform to the styling of *The China Quarterly* (see below).

### **Style**

#### *Romanization and Chinese characters*

Use pinyin without tone/diacritical marks, except the following, which use the Wade-Giles system: Chiang Kai-shek, Sun Yat-sen, Taipei, Kuomintang, etc.; names of people living outside mainland China. Give Chinese characters on the first occurrence of each Romanization, to assist in proof-reading. Chinese characters are incorporated into article texts (ie. English (pinyin, characters)) so authors must provide Chinese characters for *all* Chinese used in the main text (not footnotes) on first appearance, including *pinyin* phrases, people's names and geographical locations. However, Chinese characters are not needed for names of provinces and province capitals, well-known leaders (Mao Zedong, Deng Xiaoping, etc.)

#### *Numbers*

One to ten spelled out, 11 or more in figures; per cent in text, but % in footnotes. Dates: 2 March 1993. Page references: pp. 324–26 but pp. 324–336.
