2. The first page of the manuscript should include an abstract of 150 words or fewer.

3. All copy should be double-spaced, including indented quotations, notes, and references. The right margin should be ragged, and the authors should use Times New Roman 12 pt. font throughout, including notes.

4. Notes should be in the form of footnotes, not endnotes. They should be embedded in the article with numbers indicated by superscripts in the text.

5. Double quotation marks should be used for any quoted material that appears within the body of the text. Single quotation marks should be used for quotes within quotes.

6. American spelling should be used throughout: e.g., color not colour, maximize not maximise.

7. Numbers from one to ninety-nine should be spelled out in the text unless they denote percentages or currency units: e.g. thirty-five books, but 35% of book inventory and £35 per book.

8. The layout of papers, including title, section (sub-) headings, notes, and references should conform to the style evidenced in the *JHET*. Note that section headings are numbered with Roman numerals and are capitalized.

9. Use italics rather than underlines for book titles and to give emphasis.

10. Mathematical equations and formulas:

- All symbols indicating *variables*, like  $a, b, \dots, z, \alpha, \beta, \dots, \zeta$ , should be in italics.
- Functions, like  $f(\cdot)$ , should be in italics.
- Numbers in equations and formulas are *not* italicized, even if they are superscripts or subscripts.
- Operators, like  $\times, \cong, \pm, \perp, =, +, \sim$  are *not* italicized.
- Vectors and matrices, like  $\mathbf{v}, \mathbf{M}$ , are usually bold.

11. The first time that a person's name is used in the text, his or her first name and middle initial, or an alternative appropriate form of reference beyond the surname, should also be given, no matter how well known the individual may be: e.g., John Maynard Keynes, H. Gregg Lewis.

12. Citations in the text must be in round parentheses. The page numbers should be preceded by p., or by pp. if multiple pages are cited: e.g., (George [1886] 1941, pp. 286-287).

13. References should appear immediately after the text of the paper, and in the following format:
