## TWO CAMBRIDGE UNIVERSITY PRESS LIBRARY EDITIONS

'CUPLE' is a project conceived in the interests of scholarship which brings back into print classics from the Cambridge list which have been unavailable for some years.

### **The Lollard Bible** **MARGARET DEANESLY**

A study of the extent of Bible reading in medieval England, and in particular the place of the Lollard translations. Miss Deanesly shows that the medieval church tolerated translation in principle, but distrusted it in practice, because of its associations with Lollardy. She examines documents where the existence of translations might be noted,

'Miss Deanesly's learned and dispassionate book will at once take its place as the standard authority on the subject.' *Spectator*

### **The Marian Exiles** **A Study in the Origins of Elizabethan Puritanism** **C. H. GARRETT**

The Marian exiles returned to England in 1558 to exert an important influence upon Elizabeth's political and religious settlement. This book traces the fortunes of all the exiles recorded on the continent during the reign of Mary. It remains a crucial assessment of a group whose importance has not been fully appreciated.

'A remarkably impressive piece of scholarship which no Tudor historian must overlook.' *Cambridge Review*

### **Justin Martyr: His Life and Thought** **L. W. BARNARD**

Justin Martyr was a Samaritan of Greek education, martyred in Rome in A.D. 165. In the second century, Christian gatherings for the celebration of the eucharist were often misrepresented as a cloak for incest, cannibalism and child murder. Three works by Justin vindicating Christianity against such charges survive. Mr Barnard uses these texts to discuss Justin's philosophy and its influence.
