*The world's population heard the announcement  
That a task-force of bombers from Global Police  
Would exterminate all living creatures.*

*The World Presidium, their spokesmen explained,  
Had perceived that its task must be to end human conflict.  
The only way to accomplish this goal  
Would be to eliminate human beings.*

**Kurt Weill "Berlin im Licht"**

*"The most interesting Weill disc of the year"*

Süddeutsche Zeitung

*"...fascinating...droll and tuneful...wry, mellifluous..."*

The Sunday Times

*Exemplary interpretations, and what's more, marvellously  
presented. A little pearl, not only for all Kurt Weill fans but  
also for everyone inquisitive enough to seek out something with  
real class.*
