The Bedford Anthology of American Literature

Second Edition

Susan Belasco, *University of Nebraska, Lincoln*

Linck Johnson, *Colgate University*

Not simply a collection of texts but a carefully crafted tool for teaching and learning, *The Bedford Anthology of American Literature* helps students read, appreciate, and understand American literature like no other anthology. The editors—as committed to their teaching as to their scholarship—have assembled a representative and diverse selection of literary texts, along with a matchless illustration program that provides a visual narrative of American literature. Their innovative editorial features not only contextualize the literature but

also help make it relevant for students. The forthcoming second edition will include a wider range of literature, a greater emphasis on complete works, new options for assigning novels in print or electronic formats, and a new single-volume shorter edition.

An Archaeology of Sympathy

The Sentimental Mode in Literature and Cinema

James Chandler

"Cultural history of the first order. It unfolds thrillingly, as a kind of project of media archaeology, showing us in eye-opening ways the crucial roles that the sentimental mode accords to notions of virtual spectatorship and mediated feeling. I found myself fascinated by the historical argument about sentimentalism's relation to episodes of media shift. This book has changed the way I think about books and movies."—Deidre Lynch, University of Toronto

In this relentlessly thematic age, Eleanor Johnson shows us why form still matters, to us and to our comprehension of the literary past, and she does so with bracing intelligence and a fine eye for formal and stylistic detail. . . . The book will have an immediate and lasting effect on the study of medieval literature."—Bruce Holsinger, University of Virginia
