### ERRATA

In Takashi Negishi's "Ricardo and Morishima on Machinery," *JHET*, 12, Fall 1990, some quotations were made originally in German by the author, and translated into English by the editorial staff. While appreciative of the efforts of translation, the author would like to make the following change: *production of the raw materials* should read *gross products* on page 155, line 19 from the bottom of the page.

In Jürg Niehans's "Heinrich von Stackelberg: Relinking German Economics to the Mainstream," *JHET*, 14, Fall 1992, p. 190, line 14 from the bottom of the page, due to a proof-editing error the year in which Stackelberg joined the Nazi party was wrongly given as 1933. The sentence should read: "In 1931, Stackelberg joined the Nazi party and in 1933 he also became a member of the SS."
