## TEMPORAL BONE SURGICAL DISSECTION COURSE

OFFERED BY

THE DEPARTMENT OF OTOLARYNGOLOGY

THE UNIVERSITY OF MICHIGAN MEDICAL SCHOOL, ANN ARBOR, MICHIGAN

COURSE DIRECTOR: JOHN L. KEMINK, M.D.

1990:

15–19 October

12–16 November

Intensive one-week courses emphasize the surgical and anatomical approaches to the temporal bone, and are presented in a manner relevant for the otologic surgeon, utilizing lectures, videotapes, and dissection.

Mornings and afternoons are spent in the dissection laboratory, giving extensive drilling experience in temporal bone anatomy and surgical techniques. All instruments and high-speed handpieces will be provided.

Course fee is: Physicians \$1,000      Residents \$750

For further information write:

John L. Kemink, M.D.,  
Box 0312 Taubman Medical Center,  
1500 E. Medical Center Drive,  
Ann Arbor,  
Michigan 48109, U.S.A.  
Tel: (313) 936-8006

## CHARING CROSS HOSPITAL ADVANCED PRACTICAL RHINOPLASTY COURSE

Live Operative Surgery and Video Demonstrations of Surgical Technique

Saturday 20th October 1990

at

Department of Plastic Surgery, Charing Cross Hospital, London

Organised by Mr Dai Davies and Mr Christopher Ward

### OPERATING FACULTY

Mr Michael EARLY – DUBLIN

Mr Michael HACKETT – LONDON

Mr Ian MACKAY – LONDON

Mr Basim MATTI – LONDON

Mr Frederick NICOLLE – LONDON

Mr Martin WEBSTER – GLASGOW

### CASES TO BE SHOWN

Aesthetic and Secondary Rhinoplasty

The Obstructed and Deviated Nose

Cleft Lip and Open Rhinoplasty

This course is organised under the aegis of the B.A.A.P.S. and is suitable for consultants and very senior trainees experienced in Rhinoplasty.

Registration and further details:

Miss Rita Farren, Department of Plastic Surgery  
Charing Cross Hospital, Fulham Palace Road, London W6 8RF  
Tel: 081-846 1720

TWJ FOUNDATION

---

The Trustees of the TWJ Foundation invite applications for  
 A CLINICAL AND RESEARCH FELLOWSHIP IN OTOLOGY FUNDED JOINTLY WITH THE  
 UNIVERSITY OF TORONTO  
 and tenable in  
 THE DEPARTMENT OF OTOLARYNGOLOGY, THE UNIVERSITY OF TORONTO  
 for a period of six to twelve months during 1991.

The holder will be a member of the Department of Otolaryngology of the University of Toronto under the direction of Professor Peter Alberti and will carry out clinical and research work with Professor Michael Hawkes in the Ear Pathology Research Laboratory and eventually prepare papers for publication.

Applicants must be Fellows of one of the Royal Colleges of Surgeons and a Senior Registrar in Otolaryngology in an appointment in the United Kingdom or the Republic of Ireland recognised for Higher Surgical Training.

Further details concerning applications should be obtained *now* from

The Trustees of the TWJ Foundation,  
 Courtlands,  
 61 Kingswood Firs,  
 Grayshott, Hindhead,  
 Surrey GU26 6ER.

The Closing Date for formal applications will be  
 SATURDAY, 8TH SEPTEMBER 1990

THE INSTITUTE OF LARYNGOLOGY AND OTOLOGY  
 University College and Middlesex School of Medicine  
 GRAY'S INN ROAD  
 ENT FELLOWSHIP COURSE  
 (For students taking the Final F.R.C.S. in Otolaryngology)  
 3 – 14 September, 1990

This two-week, full-time course is *limited to twenty senior students who are about to take the final F.R.C.S.* In addition to a series of lectures/demonstrations at the appropriate level, both in the speciality and in related branches of general surgery, the course will include a number of clinical and *viva voce* sessions, and the setting and correction of test papers.

Course Tutors: Mr C. M. Bailey and Mr C. B. Croft.

Course Fee: £445 (meals and refreshments not included apart from the Course Dinner).

All applications must be accompanied by the course fee.

Cheques should be made payable to University College London and sent together with the completed application form to:

Cheryl Overington,  
 Courses Organizer,  
 Institute of Laryngology and Otolaryngology,  
 330–332 Gray's Inn Road,  
 London WC1X 8EE.  
 Telephone: 071-837 8855 Ext 4218.

DEPARTMENT OF OTORHINOLARYNGOLOGY AND HEAD & NECK  
SURGERY OF K.E.M. HOSPITAL, BOMBAY  
XIV TEMPORAL BONE MICROSURGERY WORKSHOP  
10–13 September 1990

IXth NEUROTOLOGY WORKSHOP  
14–15 September 1990

In the past thirteen years the department has successfully conducted thirteen similar workshops.

It includes demonstration of live surgery like Mastoidectomy, Myringoplasty, Tympanoplasty, Stapedectomy, Facial Nerve Decompression and Endolymphatic Sac Decompression, Cadaveric Temporal Bone dissection limited to 18 participants.

The Neurotology workshop will deal in depth the practical approach to the vertigo patient including Clinical diagnosis, Audiology, Radiology, Biochemistry, Electronystagmography, Evoked Response Audiometry and Therapy both medical and surgical.

The faculty will include—Dr S. R. Rege, Dr P. P. Karnick, Dr K. L. Shah, Dr S. B. Ogale, Dr M. V. Ingle, Dr M. V. Kirtane, Dr J. H. Sheode, Dr L. Seth, Dr Sadhana Nayak, Dr D. Prabhat.

*Registration fee:*

Temporal Bone Microsurgery workshop	Rs. 700.00
Neurotology workshop	Rs. 200.00

For details, please contact:

*Chairman*  
Dr S. B. Ogale  
Professor and Head  
Department of ENT  
K.E.M. Hospital  
Parel, Bombay – 400 012

ROYAL COLLEGE OF SURGEONS OF ENGLAND

10 May, 1990

At an ordinary meeting of Council held today, Diplomas of Fellowship of this College were granted to the undermentioned candidates:

Nankivell, Edwin Charles, M.B., B.S., New South Wales.  
Sundaram, P. Chandramani, M.B., B.S., Madras

RNID — 'COMMUNICATOR OF THE YEAR' AWARDS

The Royal National Institute for the Deaf has announced a new award scheme for key figures who have made significant contributions in the field of communication. The 'Communicator of the Year' awards will be presented at a ceremony on 17th October 1990.

Nominations are now invited for individuals who have played a major role in communication within the deaf and hard of hearing community.

The following factors will be considered when judging the awards:

- the nature of professional and/or voluntary commitment to communicating with deaf and hard of hearing people;
- the extent and nature of any previous recognition of services for deaf and hard of hearing people in the field of communication;
- whether the nominee is deaf or hard of hearing;
- the period of service for deaf and hard of hearing people in the field of communication.

Nominations consisting of not more than 200 words should be submitted by 31st August 1990 to the Head of Campaigns and Public Relations, RNID, 105 Gower Street, London WC1E 6AH.

# Instructions to Authors

**Historical Articles.** Articles of this type are generally encouraged, but it is obvious that they have to provide some new information or interpretation, whether it be about a well-known person or for example an instrument associated with him, but those from within a Hospital's own department who have made a hitherto less well-known contribution would be welcome.

**Letters to the Editor.** This feature has been re-introduced to give those who wish to comment about a paper previously published within the Journal, an opportunity to express their views. Wherever possible, the original author is asked to add his further comment, thereby adding to the value of the contribution. Such letters should be sent as soon as possible after publication of each month's issue of the Journal in the hope of including them as soon as possible thereafter.

'Mini-papers, such as those which appear in the British Medical Journal, Lancet, or New England Journal of Medicine, will not be acceptable except on the rare occasion that they bring information of immediate interest to the reader.

**Pathology.** Articles which are of pathological interest with particular emphasis on the way the diagnosis was achieved now appear on a monthly or bi-monthly basis. It is hoped that clinicians will involve their pathologists in these reports, and all illustrations must be of first-class quality. Where a department, particularly those overseas, may not have such specialized facilities, it may be possible, if a block or several unstained sections are provided for our Adviser to produce or supplement the illustration submitted. Only contributions of particular pathological interest will be accepted.

**Radiology.** Short reports on cases in which the radiology has been crucial in the making of the diagnosis or the management of a particular case now appear on a monthly or bi-monthly basis. This spot is to encourage clinicians and radiologists to produce material of particular interest in the specialty and to encourage co-operation in this field. Only presentations with first-class illustrations can be accepted and these must emphasise a problem of unusual clinical interest.

**Short Communications.** This feature will be used on an occasional basis. Examples of material suitable for inclusion under this title would be, for example: a piece of work which was of clinical interest but had failed to produce findings which were of statistical significance; where an investigative technique has been applied to an allied field, not warranting a further in-depth description of its earlier application and methodology.

## Check List for Authors/Secretaries

1. Title page—Titles should be short with names of the authors, higher degrees only and the city/country. Details of the departments in which the authors work should be put lower down.  
An address for correspondence should be supplied together with the author who should receive this and this will ultimately appear beneath the list of references. If the paper was presented at a meeting, the details of this must be given and will be inserted at the bottom of the first page of the printed script.
2. Abstract—No paper will be accepted without this and it adds considerably to the Editor's time to have to write and request this if the paper is accepted.
3. To follow the instructions to Authors with the way in which the paper is set out. It is preferred that each section should start on a fresh page with double spacing and wide margins.
4. References must be in the Harvard system; to submit a paper using the Vancouver system is automatically to have it returned or rejected.
5. Two sets of illustrations must be included, one of half-plate size and the other with the width of 80 mm. Illustrations must be clearly labelled with the author's name on the reverse side and where appropriate with an arrow to give orientation.
6. Authors to check manuscript and references to see that these match up particularly for dates and spelling.
7. Title of Journals must be given in full with the date, volume number and first and *last* pages.
8. Consent to be obtained from a patient if a photograph of their face is to be reproduced.
9. If the author to whom correspondence is to be directed changes his address, he should let the Editorial Office know as soon as possible.
10. Page proofs will normally be sent out three months in advance and must be returned as soon as possible.
11. Authors should provide a Facsimile number (FAX) whenever possible to speed communication. The FAX number of the Editorial office is 071-224 1645.
12. Manuscripts with tables only may be transmitted by FAX; those with graphic or visual illustrations, e.g. graphs, X-rays, pathology, electrical records (ENG, BSER etc) must continue to be sent by post as the quality of reproduction does not give sufficient accuracy of detail.
