### What Stalin Knew

*The Enigma of Barbarossa*

DAVID E. MURPHY

Murphy brings to his subject both knowledge of Russian history and an insider's grasp of how intelligence is gathered, analyzed and used—or not."**

“Sabrina Ramet's collection of ditties is sidesplittingly hilarious! What a great idea to deal with the defining characteristics of world's dictators and their pets in a humorous way! What is even more important. Ramet with her poems touches us on a deeper level—as human beings with universal human traits.”  
-Lea Plut-Pregelj, University of Maryland

Sabrina P. Ramet

*Stalin's Spider (excerpt)*

Said Stalin to the spider,  
as it crawled onto his knee,  
“Come live with me and be my love  
and we shall all the pleasures prove  
that webs and traps and show trials proffer –  
All of that and more I offer...”  
And so they lived together,  
like two birds of a feather –  
the spider weaving webs of silk,  
and Stalin webs of lies.  
For spiders do not trap their ilk,  
they're only after bugs,  
but Stalin put them all away,  
accused of being thugs.

2006: 144 pages; 12 illustrations by Christine M. Hassenstab  
\$16.00 paper; ISBN 0-9787713-2-X

Dictators' pets are too often ignored—but no longer! They're all here in this hilarious collection of madcap ditties: Lenin's cat, Hitler's dog, Qaddafi's sweet-scented camel, Caligula's horse, Mao's cockroach (he banned real pets), and more. The volume also includes philosophers' songs and a Holy Roman Opera, “Turmoil in Brindisi,” about a long-forgotten ecumenical council called by Pope Sixtus the Sixth, an equally forgotten pope. Written over a period of 35 years, these jottings are also a record of a lifetime of laughter.

## Liberal Reform in an Illiberal Regime

*The Creation of Private Property in Russia, 1906–1915*

BY STEPHEN F. WILLIAMS

When the Soviet Union fell in 1991, many were curious about what Russia's historical experience with market-oriented reform had been. *Liberal Reform in an Illiberal Regime* tells the story of how, in 1906, the Russian government undertook perhaps the most sweeping "privatization" in history, radically changing the property rights regime faced by 90 million peasants.

**Judge Stephen F. Williams**, a Harvard Law School graduate, worked in private practice and then served as an assistant U.S. Attorney for the Southern District of New York in the 1960s. He taught at the University of Colorado School of Law until his appointment to the U.S. Court of Appeals for the D.C. Circuit in 1986.

"A truly outstanding contribution to our understanding of the changes in contemporary Russian agriculture. The startling transformation taking place in the rural landscape is brilliantly revealed by the authors: land abandonment, the rise of agribusiness and household farming operations, rural outmigration, village abandonment, and much more. If there is one book on the topic that one must read, this is it."

—George J. Demko, Dartmouth College

"Schwartz presents her story in a broad theoretical framework and raises important general questions about the responses of nations whose identities had been formed in an earlier, preindustrial era to the challenges of globalization. The book has something new to teach scholars in a variety of disciplines, regardless of their particular geographical focus."

## Red Storm over the Balkans

### The Failed Soviet Invasion of Romania, Spring 1944

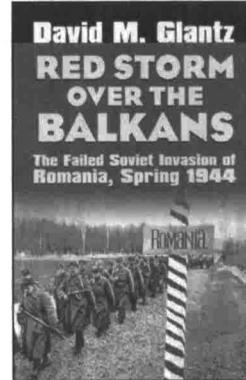

David M. Glantz

“Using Soviet and German archival sources, Glantz proves that Stalin had intended to move deep into the Balkans as soon as possible with postwar hegemony in mind, while pursuing a broad-front strategy. . . . His study corrects a sixty-year misinterpretation of Soviet Army operations along the Romanian approaches to the Balkans in 1944 and adds tremendously to our understanding of the war’s conduct in the east.”—Roger Reese, author of *Red Commanders: A Social History of the Soviet Army Officer Corps, 1918–1991*

“With his usual command of the sources and devotion to detail, Glantz once again brings to light a little-known episode of the struggle on the Eastern Front. . . . Essential reading for students of World War II.”—Richard L. DiNardo, author of *Germany and the Axis Powers: From Coalition to Collapse*

*Modern War Studies*

464 pages, 44 photos, Cloth \$39.95

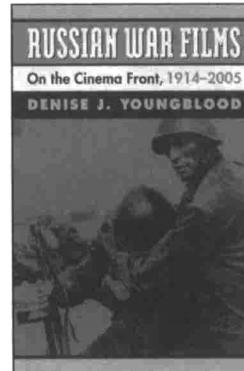

## Russian War Films

### On the Cinema Front, 1914–2005

Denise J. Youngblood

“Evokes unforgettable images of heroism, human grief, and national tragedy [and] testifies to the uninterrupted chain of creativity running through several generations of filmmakers, notwithstanding state censorship. . . . A must for area studies in history, political science, popular culture, and film—and for the general reader interested in Russia and its destiny.”—Anna Lawton, author of *Before the Fall: Soviet Cinema in the Gorbachev Years*
