## Books and Journals from Cambridge University Press

Cambridge have an established and ever expanding academic law list in public and private law subjects crossing books and journals aimed at a global readership.

Particular strengths lie in international law, human rights and transitional justice, transnational and comparative law, jurisprudence, and legal history.

We also publish a growing number of titles with an inter-disciplinary and socio-legal approach.

# Politics & International Relations

Books and Journals from  
Cambridge University Press

The politics list at Cambridge is one of unparalleled quality and range.

Our books list routinely tops surveys of political scientists for the calibre of its output, which includes field-defining series such as Cambridge Studies in Comparative Politics, Cambridge Studies in International Relations and Cambridge Texts in the History of Political Thought.

*American Political Science Review* and *International Organization* are widely recognised as the leading generalist journals in political science and international relations, while the likes of *British Journal of Political Science* and *World Politics* remain essential reading for researchers worldwide.

For students and scholars across the breadth of political enquiry, Cambridge is the resource of choice.
