European Convention on Human Rights Law Review

Editors-in-Chief: **Kanstantsin Dzehtsiarou** and **Vassilis P. Tzevelekos**

The first scholarly journal devoted exclusively to the legal regime of the European Convention on Human Rights (ECHR). The Review offers peer-reviewed, legal scholarship on the protection of fundamental human rights within the ECHR framework and on its implications for other regional human rights regimes. It is a forum for inter alia comparative law, human rights law, international law and philosophy of law analysis of the practice and procedures of the ECHR regime.

Seventy Years of the International Law Commission

Drawing a Balance for the Future

The United Nations

Seventy Years of the International Law Commission: Drawing a Balance for the Future brings together voices from academia and practice to celebrate and critically evaluate the work of the United Nations International Law Commission (ILC) over the past seventy years.

“Hard Power” and the European Convention on Human Rights

Peter Kempees

The European Convention on Human Rights is now crucial to decisions to be taken by the military and their political leaders in ‘hard power’ situations – that is, classical international and non-international armed conflict, belligerent occupation, peacekeeping and peace-enforcing and anti-terrorism and anti-piracy operations, but also hybrid warfare, cyber-attack and targeted assassination. Guidance is needed, therefore, on how Convention law relates to these decisions. That guidance is precisely what this book aims to offer. It focuses primarily on States’ accountability under the Convention, but also shows that human rights law, used creatively, can actually help States achieve their objectives.

‘Protection’ In European Union Asylum Law

International and European Law Requirements for Assessing Available Protection as a Criterion for Refugee and Subsidiary Status

Julian M. Lehmann

Asylum law in the European Union is ripe with caveats that allow for rejecting asylum applications due to ‘protection’ received in the home country or another location. Yet, when is ‘protection’ strong enough to make denying an application lawful?

Rosenne's The World Court: What It Is and How It Works 7th Revised Edition

Daphné Richemond-Barak

Rosenne's The World Court offers a contemporary and interactive take on the UN's main judicial organ. The International Court of Justice, which has remained largely unchanged since its creation in 1945, operates within a growing network of states and international bodies. The book analyzes the institution via the prism of its relationship with states – the Court's natural constituency – as well as UN organs, international and domestic courts, academia, and non-state actors. It offers topics for class discussions, moot court exercises, and model syllabi. Direct engagement with the writings of leading scholars in international law and international relations helps uncover the Court's political and legal role in a complex international order. The book's novel and multidisciplinary approach make it an essential resource for students, teachers, and scholars.

A Landscape of Contemporary Theories of International Law

Emmanuel Roucouas, Academy of Athens

The book explores the main characteristics of contemporary theory in international law. It examines in an analytical fashion 32 schools, movements, and trends as well as the works of more than 500 authors on substantive issues of international law.

Praise for this book:

"...a truly remarkable book, astonishing in its quality and the depth of scholarship. It is also wonderfully readable...The way the author has marshalled his ideas, and chosen such an original way to examine the underlying conceptual issues is exceptional. Everything is so original, and intellectually fresh. The author has read, and thought about everything, and everyone! And it is all so up to date..."

Dame Rosalyn Higgins, Professor of International Law, former President of the International Court of Justice.
