THE COMING OF THE THIRD CHURCH

by Walbert Buhlmann

*"The best Catholic book
of the year."* KARL RAHNER

"Challenging," "daring," "provocative," "shattering" are some of the adjectives applied to the German and Italian editions of this book. Buhlmann sees the Church's mission to humanity entering a new phase, one in which new questions are being asked because the situations in which people find themselves today cannot be handled along time-honored lines. Not a book "for specialists only" but for anyone willing to face the future and think.
