COMMUNITY INFLUENTIALS

The Elites of Atlanta

by M. Kent Jennings

After defining various types of elites in the city of Atlanta, Georgia, the author determines whether there is a *ruling* elite and, if so, what its political involvement and influence on specific community issues may be. \$4.95

COMPARATIVE POLITICS

A Reader

Edited by Harry Eckstein and David E. Apter

Not only does this reader provide abundant source material on contrasting political systems and institutions, but it demonstrates the inherent power of the comparative method. Comparative politics itself is the subject of the introductory and concluding sections of the work. \$12.50

THE NERVES OF GOVERNMENT

Models of Political Communication and Control

by Karl W. Deutsch

The theory that government is more a problem of steering than of power is the basis for this new analytical framework for political study. It represents a significant shift in emphasis from the study of "muscles"—arms, manpower, money—to the study of "nerves," the channels of communication by which the exercise of power is controlled. \$6.50
