# The Journal of Laryngology and Otology

(Founded in 1887 by MORELL MACKENZIE and NORRIS WOLFENDEN)

EDITED BY

A. LOGAN TURNER AND J. S. FRASER

ASSISTED BY

DOUGLAS GUTHRIE AND IRWIN MOORE

1. Original Articles are accepted on the condition that they have not been published elsewhere.

2. Manuscripts should be typewritten, on one side only of the paper, and well spaced.

3. Galley proofs and engraver's proofs of illustrations are sent to the author. Corrections, which should be kept to a minimum, must be clearly marked and no additional matter should be added.

4. The order for reprints should be sent when returning galley proofs, and for this purpose special forms are supplied, on which the price of the reprints is stated.

5. Authors of Original Communications on Oto-Laryngology in other Journals are invited to send a copy, or two reprints, to the *Journal of Laryngology*. If they are willing, at the same time, to submit their own abstract (in English, French, Italian, or German) it will be welcomed.

6. Editorial Communications should be addressed to "EDITORS, *Journal of Laryngology*, c/o Messrs OLIVER AND BOYD, Tweeddale Court, Edinburgh."

7. The Annual Subscription is Forty Shillings, post free, and is payable in advance.

8. Single copies of back numbers, both of the present and the previous series, are on sale at Four Shillings each.

9. An Annual Subscription can be commenced with any number of the Journal, and the preceding numbers of the current year can be purchased at Four Shillings each.

## UNITED STATES OF AMERICA

Orders for this Journal, for single parts or yearly subscriptions, can be sent either through a local bookseller, or to Messrs G. E. STECHERT & Co., 31-33 East 10th Street, New York.

**CHEVALIER JACKSON'S INSTRUMENTS FOR ŒSOPHAGOSCOPY,  
LARYNGOSCOPY, AND BRONCHOSCOPY**

**New Models as made for Walter G. Howarth, F.R.C.S.**

Each Instrument is made in accordance with the details of Chevalier Jackson's most recent models, and each is supplied with a *spare light carrier*, i.e., 2 light carriers and 2 lamps. All the models have been redesigned with a view to rendering them more easily cleansed; all the crevices and corners for the dirt have been taken away.

To ensure better visibility the tips of the forceps are *black*.

The Howarth-Jackson's Instruments are **less expensive than other American or English models**, and a further economy has been effected by rendering the instrument tips interchangeable, thus reducing the number of forceps handles and tips required.

The lamps are 2.5 volt and more durable than the usual models.

*Manufactured only by*

**DOWN BROS., LTD.**

SURGICAL INSTRUMENT MAKERS

21 and 23 ST THOMAS'S STREET

LONDON, S. E. 1

(Opposite Guy's Hospital)

Telegrams—"DOWN, LONDON."

# Syrup Cocillana Comp.

(PARKE, DAVIS & CO.)

*To Relieve Dry, Painful and Unproductive Cough*

SYRUP Cocillana Compound, P., D. & Co., is particularly effective in the hard, dry cough, with scanty expectoration, that always characterises the early stages—and occasionally the subacute and chronic stages—of laryngeal and bronchial inflammation. It soothes inflamed mucous membrane, promotes dislodgment of indurated mucus, restores tone to the bronchi and relieves dyspnoea. It does not disturb the appetite or cause constipation.

*Each fluid drachm contains:—*

|                             |                |                      |                 |
|-----------------------------|----------------|----------------------|-----------------|
| Tincture of Cocillana       | . . . 5 mins.  | Fluid Ext. of Squill | . . . ¼ min.    |
| Tinct. Euphorbia Pilulifera | . . . 15 mins. | Fluid Ext. of Senega | . . . ¼ min.    |
| Syrup of Wild Lettuce       | . . . 15 mins. | Tartarated Antimony  | . . . 1/184 gr. |
| Cascarin, P., D. & Co.      | . . . 1 gr.    | Menthol              | . . . 1/100 gr. |
| Diamorphine Hydrochloride   |                | . . . 1/24 gr.       |                 |

*Contains 0·07 per cent. of diamorphine, and is supplied, for dispensing purposes only, in bottles of 4, 8, 16 and 80 fl. ounces*

PARKE, DAVIS & CO.
