High-Profile Crimes

When Legal Cases Become Social Causes

LYNN S. CHANCER

"In this extensively researched and richly theorized study, Lynn Chancer develops a compelling account of the relationship between crime and culture. By tracing the cultural processes that transform certain crimes into a focus for racial or gender hostilities, she shows how the drama of crime tends to lead away from social harmony, leaving underlying tensions raw and unresolved. In her analysis of the institutional logics and socio-psychic dynamics at work in cases such as the Central Park jogger, Rodney King, and O. J. Simpson, she brings the cultural analysis of crime onto a whole new level."

—David Garland, New York University School of Law

Urban Lawyers

The New Social Structure of the Bar

**JOHN P. HEINZ,
ROBERT L. NELSON,
REBECCA L. SANDEFUR,
AND EDWARD O. LAUMANN**

"*Urban Lawyers* is essential for anyone seeking to understand how the American legal profession reached where it is today and to predict where it may be in years to come. From a cautiously scrutinized empirical base of research data and interviews of Chicago lawyers, these accomplished researchers have compiled an authentic overview of the urban bar in the United States."—Robert MacCrate, former president of the American Bar Association

Torture and the Law of Proof

Europe and England in the Ancient Regime

JOHN H. LANGBEIN

First published in 1977, *Torture and the Law of Proof* remains the definitive account of how European legal systems in medieval times became dependent on the use of torture in their routine criminal procedures, and how they eventually worked themselves free of it in the eighteenth century.

Paper \$19.00

Speak No Evil

The Triumph of Hate Speech Regulation

JON B. GOULD

"*Speak No Evil* is an interesting inquiry into the debate and practice of hate speech regulation on college campuses and beyond. This fascinating study surpasses the usual legalistic and policy questions to look at how hate speech has developed and thrived in American institutional settings. It is original, compelling, and most convincing."

—Michael McCann, coauthor of *Distorting the Law*
