Franklin L. Burdette, General Editor

THE SOVIET CRUCIBLE, Third Edition
The Soviet System in Theory and Practice

Edited by *Samuel Hendel*, The City College of the City University of New York. Available September, 1967. Approximately 525 pages; about \$4.95 (paper).

The achievements, failures and prospects of Soviet society are examined in this rich and skillfully balanced collection of writings. By using original source material by men who have helped shape the Soviet system, from Karl Marx to Evsei Liberman, along with divergent and trenchant analyses and commentaries by such distinguished observers of the Soviet scene as George F. Kennan, Robert V. Daniels, Wright Miller, Sidney Hook, Isaac Deutscher, and Bertram D. Wolfe, the editor brings deeper understanding to this area of great controversy.

SOVIET INSTITUTIONS AND POLICIES
Inside Views

Edited by *William G. Andrews*, Tufts University. 1966; 424 pages; \$4.50 (paper).

"A unique and invaluable presentation of Soviet views about the Soviet system. Highly recommended for undergraduates interested in the USSR."—David MacKenzie, Wells College.

TEXTS FOR LANGUAGE COURSES

COLUMBIA UNIVERSITY
NEW YORK, NEW YORK 10025

USSR: A CONCISE HISTORY

BASIL DMYTRYSHYN

Widely acclaimed for its clarity and comprehensive-ness, this volume presents an exceptionally well organized, chronological account of the most significant trends in Soviet history. Its primary aim is to provide the student of Soviet affairs with a brief but accurate, clearly organized and objective account of domestic developments and foreign policy of the Soviet Union since 1917. The information presented is based upon primary sources (thirteen of which are appended), which in turn are supplemented by many pertinent studies of the best scholarship to date. The book is divided into ten sections: (I) an Introduction which discusses the physical setting and historical background; (II) The March Revolution; (III) The Bolshevik Revolution; (IV) Intervention, Civil War, and War Communism; (V) The Experimental Twenties; (VI) The Regimented Thirties; (VII) The Patriotic Forties; (VIII) The De-Stalinized Fifties; (IX) The Cosmic Sixties; and (X) Appendices. This last section, in itself almost as long as the text of the book, contains important information and documents which have been fundamental in shaping the history of the USSR. With illustrations and maps. xiv, 620 pages. Paperbound, \$5.00
