## Latin America and the United States The Changing Political Realities

*Julio Cotler and Richard R. Fagen, Editors.* It is clear today that the realities of Latin America are changing more rapidly than knowledge about those realities, that Latin America can no longer be understood as merely the shadow cast by the Colossus of the North. In an effort to explore the nature of these political relations, a group of distinguished social scientists present twenty-two papers covering such topics as the politics of the multinational corporation, military elites and military thinking, and the sources of U.S. foreign policy. Paper, \$4.95<sup>x</sup>; cloth, \$18.75
