LAMPLOUGH'S

PYRETIC SALINE.

IT CURES SEA-SICKNESS, OR THE WORST FORMS OF BILIOUS OR NERVOUS HEADACHE IN A FEW MINUTES.

Important to all, more especially English Ministers, British Consuls, and Europeans seeking to reside in safety in Tropical and Foreign Climates.

Her Majesty's Representative, the Governor of Sierra Leone, in a letter of request for an additional supply of the PYRETIC SALINE, says—"It is of GREAT VALUE, and I shall rejoice to hear it is in the hands of all Europeans visiting the Tropics."

Is found pre-eminently beneficial in preventing and curing EPIDEMIC SMALL-POX and FEVERS, by Purifying, Invigorating, and Vitalizing the blood. Any person who has already this complaint should take it, and be kept in a cool and darkened room to prevent its leaving any trace on the features. (See the new directions for use.)

It vitalizes and supplies the blood with those saline principles that are lost, altered, or destroyed during hot weather.

In Scarlet, Yellow, Typhus, Jungle, and Eruptive Fevers (or Cholera), also in several other conditions, where the vital current is poisoned by infection, and thereby rendered unfit to support health and life, it has been found eminently beneficial, and its sustaining and purifying influence acts as a preventive to disease, as the numerous unsolicited testimonials accompanying each bottle will prove.

SICKNESS, HEADACHE, and NAUSEA, are in most cases immediately relieved by taking a teaspoonful in a tumbler of cold water. This can be repeated once or twice in two hours, if needful.

SEA VOYAGES.—It is a very valuable accompaniment, and should on no account be omitted. It instantly allays the sickness.

SPECIAL AGENTS FOR LAMPLOUGH'S PYRETIC SALINE:—Simmonds, St. Thomas, West Indies; Treacher & Co., Bombay; Orr & Co., Madras; Scott, Thompson & Co., Calcutta; Oakes & Co., Madras; Foster Maynard & Co., Rangoon, Llewellyn, Shanghai. May be obtained of the Proprietor,

H. LAMPLOUGH, CONSULTING CHEMIST,

113, Holborn, E.C., Second Door from Hatton Garden, London; and of all respectable Chemists.

Since the above was put up, two most important letters have been received, one from Dr. Dowling, South America, stating that out of Forty-two cases of Yellow Fever treated by the Pyretic Saline—NOT ONE DIED.
