THE JOURNAL OF POLITICS

Is it possible for a forward-thinking political scientist to miss the best thought by the best minds in his profession? Not if he reads THE JOURNAL OF POLITICS, a quarterly devoted to enriching and advancing the knowledge of politics. Inside THE JOURNAL'S pages all methods, positions, conceptualizations and techniques are expounded by authors who know their subjects and who back their ideas with careful research and positive scholasticism. There is no bias in THE JOURNAL—toward theory, American politics, or anything else. It is an open JOURNAL. Missing it is missing an adventure into the character of political variety.

Upon receipt of this form you will begin a one year's membership in The Southern Political Science Association, including a subscription to THE JOURNAL OF POLITICS.
