CAMBRIDGE BOOKS

Temporal Pillars

G. F. A. BEST

A history of Queen Anne's Bounty and of the Ecclesiastical Commissioners from their origins to their amalgamation in 1948. 'A fascinating illumination of human nature. . . . It is a large book but not too lengthy for those who would understand England.' *The Times*.

65s. net

Imperialism

R. KOEBNER & H. D. SCHMIDT

The history and significance of a political word which has changed its meaning twelve times in the last eighty years. Some of the material was collected when the late Professor Koebner was writing *Empire* and this book is the sequel which concludes his work.

63s. net

A Concise Economic History of Britain

SIR JOHN CLAPHAM & W. H. B. COURT

This famous work is now available in two Paperbacks. Volume I, by Sir John Clapham, runs from the beginnings to 1750; Volume II, by W. H. B. Court, covers the period 1750–1939.

Each volume, 15s. net

Reason and Authority in the Eighteenth Century

G. R. CRAGG

In his new book Dr Cragg studies the movements in English thought in the eighteenth century as they relate to the concepts of reason and authority. Examining political thinking, he begins with Locke and considers Warburton, Hartley, Priestley and Godwin, leading to the inevitable reaction of Romanticism.

A History of English Law

Volume XIV

SIR WILLIAM HOLDSWORTH

Edited by

*Professor A. L. Goodhart, K.B.E., Q.C., D.C.L., LL.D.
and Professor H. G. Hanbury, D.C.L., Q.C.*

Covering English legal history from the Anglo-Saxons to the nineteenth-century Judicature Acts, Sir William Holdsworth's monumental History was interrupted in 1945 at Volume XII by the author's death. Succeeding volumes, first based on Holdsworth's typescript, and later, with much more labour, on manuscript notes, have been edited by Professors A. L. Goodhart and H. G. Hanbury.

Volume XIV continues *Book V: The Centuries of Settlement and Reform*, and forms the beginning of *Chapter V* which covers the period from the Reform Act, 1832, to the Acts of 1873–1875.

This volume is of particular interest to the historian as well as to the lawyer. Holdsworth's review, in the Introduction, of the interactions between Peel and Melbourne and later Disraeli and Gladstone is full of political insight. His survey of the powers of Parliament, Cabinet, the Courts, and local government, illustrated by reference to events in the period under discussion, and followed by a wide ranging discussion of the constitutions and status of the emerging Commonwealth in this period, is invaluable.

For the lawyer this volume carries one stage further Holdsworth's unique contribution to the task of recording the development of the English legal system, and analysing this for teaching, reference and research. *Volume XIV* contains Holdsworth's exposition of the entire field of public law from Bentham and the increasing importance of central Government, through the residual powers of the Crown, to a study of the growth and evolution of the statutory powers of the executive.

Elbeuf During the Revolutionary Period

HISTORY AND SOCIAL STRUCTURE

By Jeffrey Kaplow The author describes the attitudes of several classes toward the Revolution, their reaction to the changes brought about by it, and the advantages they derived from it. He concludes that Elbeuf was less revolutionary than one might suppose. Far from bringing about any fundamental change in the social structure, the Revolution actually re-enforced pre-existing patterns of social and political power. **288 pages \$6.50**
