Clark St., Champaign, IL 61820. Send dues by December 1 each year. Claims for copies lost in the mail must be received within 30 days (90 days foreign) of the issue date to insure replacement at no charge.

Send manuscripts to Chester L. Foy, Editor, *Weed Technology*, Dept. of Plant Pathology, Physiology, and Weed Science, Virginia Polytech. Institute & State Univ., 503 Price Hall, Blacksburg, VA 24061-0331. The Directions for Contributors were published in the April–June, 1992 issue of *Weed Technology*. Authors are charged \$50 per page (nonmembers \$100) to cover a portion of publication costs. The Editor can exempt page charges in advance when justified.

Cover

Flower head of bull thistle [*Cirsium vulgare* (Savi) Tenore], a member of the Compositae. Bull thistle is a true biennial that invades pastures, meadows, and wasteland throughout much of North America. It was accidentally introduced from Eurasia and has spread to most other continents in the same way. This photograph was entered in the slide division of the 1993 WSSA Photography Contest, Denver, CO, and was submitted by Larry C. Burrill, Department of Crop and Soil Science, Oregon State University, Corvallis, OR 97331-3002.
