NEW YORK UNIVERSITY

Robert E. Taylor

'Cambridge University Press is to be recommended for its handsome production of an authoritative reference book, including a generous allowance of 618 illustrations.'—*Renaissance News*

## Engraving in England in the Sixteenth and Seventeenth Centuries

Part II — The Reign of James I by Arthur M. Hind

This second volume of *Engraving in England* maintains the standards set by the compiler's earlier work. Since methods of printing and engraving during this period underwent little change, the book is primarily concerned with contemporary portraiture.

Cambridge University Press 32 East 57th Street, New York 22

## *Shakespeare's Military World*

By PAUL A. JORGENSEN

Based upon military handbooks of the day, newsletters, state papers, and other contemporary sources, this study reconstructs the Elizabethan attitude toward war and soldiering that Shakespeare turned to dramatic account.

358 pages, \$5.00

## *Library Catalogues of the English Renaissance*

By SEARS JAYNE

A descriptive list in chronological order of some 848 known catalogues of English libraries between 1500 and 1640, more than 80 per cent of which have never been published. Includes date and size of collection, subjects represented, arrangement, and special information such as press marks, prices, or indices.

238 pages, \$4.00

## *The Celestina*

Translated by LESLEY BYRD SIMPSON

A vigorous, modern translation from the Burgos edition of 1499 of the famous "novel in dialogue" whose unknown Spanish author is usually considered to be Fernando de Rojas. The first translation in English since that of James Mabbe in 1631.

174 pages, \$3.50
