Pan Am gives you three 747s a day to the West Coast.

London to	Depart	Arrive	Flight No.	Aircraft	Frequency
Los Angeles*	1400	1705	PA121	747	Daily
San Francisco	1315	1615	PA125†	747	Daily
Seattle	1040	1220	PA123	747	Daily
Portland	1040	1455	PA123	747	Daily

†PA125 onward to Honolulu.

We've got it covered.

If you're travelling to the West Coast of America, let Pan Am's people take you there.

We'll organise your visa in London. Book you on whichever flight suits you best. And give you a really comfortable ride all the way.

On a Pan Am 747.

You'll have a choice of two movies, current or pre-release. Eight stereo channels. (A nominal charge has to be made for these to comply with international regulations.)

A choice of main courses in Economy. And an exclusive dining room upstairs for First Class passengers.

If you're thinking of heading West, Pan Am's people are the only ones to offer you three flights by 747 a day. And the only ones to take you to four West Coast destinations.

So give your Travel Agent a ring. And ask him to book you on the world's most experienced airline.

Pan Am's People. Their experience makes the difference.

Cover picture:

With the diminishing number of overseas bases available to the United Kingdom and USA and reduction in the number of aircraft carriers in service, the importance of flight refuelling has become even greater in recent years. In this issue J. E. McCormick of Boeings examines the US tanker requirements and the latest developments in the field. The cover shows a Panavia Tornado undergoing flight refuelling trials.
