**SOCIAL SCIENCE HISTORY** is the journal of the Social Science History Association, and exists to publish material directed to improving the quality of historical explanation in teaching and research of relevant theories and methods from the social science disciplines. It is aimed at social scientists interested in longitudinal analysis and historians seeking a more rigorous and consciously theoretical orientation. The editors encourage and provide a forum for research that attempts generalizations of some breadth verified by systematic examination of the relevant evidence and supported by quantitative analysis when appropriate. Research efforts involving comparisons across time between individuals and groups within a single population and between different and properly comparable populations across space and over time will be particularly welcome. The editors welcome contributions to the development of theory and techniques which, although firmly centered in particular social science disciplines, can provide a genuine interdisciplinary focus in approaching the historical dimension. **SOCIAL SCIENCE HISTORY** will also inform its readers about new developments in social science data archives, research funding agencies, training programs and summer institutes, and significant new publications in history and the social science disciplines.

**MANUSCRIPTS** should be submitted in triplicate to James Q. Graham, Jr., Department of History, Bowling Green State University, Bowling Green, OH 43403. They must be typed with all written material *double-spaced* (including quotations, notes, and the list of references) using only one side of the paper. The typewritten lines should not exceed 5 1/2 inches in length. See **SSH**, volume 4, and following for style and reference form. Brief parenthetical citations are included in the text, all complete references are listed alphabetically at the end of the article, and notes are used only for discursive comments which appear immediately before the list of references. Manuscripts over 30 pages (including tables, notes, and references) will not be published. A "Guide for Authors" may be obtained from the Editors. The Social Science History Association does not accept responsibility for statements of fact or opinion made by the contributors.

**BOOK REVIEWS:** All inquiries from publishers, suggestions for books to be reviewed, and questions from prospective book reviewers should be sent to Alan M. Kraut at the Department of History, American University, Nebraska and Massachusetts Avenues, NW, Washington, D.C. 20016.
