

THE MEDITERRANEAN ARCHAEOLOGICAL TRUST

GRANTS TO ASSIST PUBLICATION

The Mediterranean Archaeological Trust, set up in 1959 for the promotion of the study of archaeology, invites applications for grants, made on a competitive basis, for expenses in 2014-15, in the preparation for final **publication** of material from archaeological **excavation or fieldwork** in the Mediterranean world, **excluding** subventions to publishers or publication of material not from a specific excavation, or in symposia. Within the terms of the Trust, priority may be given to publication of Bronze Age sites. Grants for any amount, however small, will be considered, provided they expedite **publication**. The grants do not normally exceed £2000.

Applications comprising a 1500-word (**maximum**) description of the proposed work and a detailed budget (avoiding unnecessary photography or 'inking-in'), together with two referees' names, and an indication of means of payment if successful (full bank details), your address and e-mail, should be sent no later than 31 January 2014, to:

Professor Sir John Boardman
(Mediterranean Archaeological Trust)
Classics Centre
66 St. Giles
Oxford OX1 3LU
G.B.
[or by email – john.boardman@ashmus.ox.ac.uk]

Please indicate the importance of the site, your qualifications, other sources of support, and the present or planned status and place of publication. Apply **in good time** to ensure that your case can be fully considered. The references (which are **essential**) should be sent directly by the referees and must meet the deadline of 31 January, or accompany the application in a sealed envelope. Successful applicants will be informed in April 2014, and it is essential that a report on the use of the grant is submitted by 1 December 2014.

Notes for contributors

Antiquity aims to report new archaeological research, method and issues of international significance in plain language to a broad academic and professional readership. The journal is published quarterly in March, June, September and December.

Submissions are invited in the following categories: Research (max. 5000 words), Method and Debate (each max. 3000 words). Word limits include all text, tables, references and figure captions.

Antiquity uses a secure and confidential online submission and peer-review system. Detailed help on how to submit is available both prior to submission and throughout the submission process. To submit a manuscript please visit our website at <http://antiquity.ac.uk/contribute/contribute.html> where you will find a link to the submission site and full **Instructions for authors**.

Wherever possible manuscripts should be submitted as a single Adobe PDF document containing all text, tables and figures but excluding any covering letter. If you cannot submit your manuscript as a PDF, you may submit separate text and graphics files. If your paper is accepted for publication, you will be asked to provide separate high-resolution, publication-quality graphics, in TIFF or EPS format. It is therefore best for the initial submission to create any graphics using applications that are capable of preparing acceptable TIFF or EPS formats. Resolutions must be 300dpi or higher and image dimensions should be either half-page width (65mm) or full-page width (135mm). The maximum acceptable height is 185mm. Maps and plans must include an accurate scale and north point.

As part of the submission process authors will be required to confirm that the substance of the content presented has not been published previously and is not currently being considered for publication elsewhere.

We prefer to receive submissions in English but can consider submissions in French, German, Italian and Spanish where submitting in English is not possible. (Accepted papers are translated free of charge and published in English.)

All submissions are considered by the Editor in the first instance. Suitable papers are peer-reviewed by a minimum of two experts. If you are unsure whether a paper is suitable for *Antiquity*, please contact the Editor prior to submission (editor@antiquity.ac.uk).

Project Gallery (<http://antiquity.ac.uk/projgall/>)

The Project Gallery (max. 1000 words + 6 figures) is part of *Antiquity's* online Bulletin and is intended for the announcement, update or preliminary reports about projects and ideas of international status. The Project Gallery also welcomes contributions to archaeological historiography. Please note that the Editor will not accept reports about local or regional surveys, sites or artefacts unless of wider significance; articles of local and regional interest should be properly directed to the national records and journals of the country concerned. Project Gallery articles are not normally peer-reviewed but the Editor may seek external advice.

Books for review

We welcome books for review on archaeology and associated research. Please send books to the Reviews Editor, Dr Robert Witcher, at *Antiquity*, Durham University, South Road, Durham DH1 3LE, UK (email: reviews@antiquity.ac.uk).

Heritage Technology Ltd

Heritage Sector IT Specialists

3D Visualisation

- ✔ Digital visualisation of objects, buildings & landscapes
- ✔ Photo-realistic, high quality historical reconstructions

- ✔ Services for visitor attractions, academia & commercial projects
- ✔ Individually tailored to fit **all** requirements & budgets
- ✔ Services also include web design & digital archaeological support

Heritage Technology specialises in creating highly realistic 3D visualisations from historical & archaeological data. Digital reconstruction is a proven technique in both academic & commercial archaeology for portraying often complex spatial & temporal data in an accessible and engaging way. Explore the possibilities at:
