### The Journal of Politics

**THE JOURNAL OF POLITICS** is a quarterly devoted to enriching and advancing the knowledge of politics. Inside its pages all methods, positions, conceptualization, and techniques are expounded by authors who know their subjects and who back their ideas with careful research and positive scholasticism. There is no bias in **THE JOURNAL OF POLITICS**—toward theory, American politics, or anything else. It is an open journal. Missing it is missing an adventure into the character of political variety.

# The British Journal of Aesthetics

## The Journal of the British Society of Aesthetics

One of the leading organs for philosophical discussion on the international scene, providing a medium for study of the philosophy of art and the principles of aesthetic appreciation and judgement. Experience of both fine and applied art is examined from the point of view of the psychologist, the sociologist, the historian, the teacher and the general critic. By bringing together discussions of general philosophical aesthetics and articles on the principles of appraisal which apply in the various arts severally, the journal works towards a better understanding of the analogies and differences between them. Established 1960.

Quarterly, 1978 prices: £11.00 (UK £9.50, US \$25.00) p.a.

Single issues £2.75 (US \$7.00).
