Jet-Propelled Rotor Blade Construction	
By F L HODGESS	354
Blade Construction Processes	
By O L L FITZWILLIAMS	358
Tuning the Rotor	
By K W TURNER	362
The Manufacture of Wooden Helicopter Blades	
By N B MORRIS	370
The Construction of Resin-Bonded Com- posite Type Rotor Blades, etc	
By E P KING	373
EVENING SESSION DISCUSSION	382

OBJECTS OF THE ASSOCIATION

The objects of the Association are to collect compile and disseminate information of a technical and semi technical nature pertaining to Helicopters and all other types of Rotating Wing Aircraft
The Association aims to work in close co operation with existing Aeronautical Bodies on matters affecting its objects and it may act as an Advisory Body in the promotion of legislation calculated to be of benefit to the development of Rotating Wing Aircraft
