KINGSTON POLYTECHNIC

EXPERIMENTAL OFFICER
(ENGINEERING)

Simulation of Aircraft Dynamics

An Experimental Officer is required to assist with a research project supported by SRC and related to the Hybrid simulation of aircraft dynamics during landing.

The post is for 2-3 years and requires a knowledge of Mechanics of Flight and/or analogue and digital simulation and preferably some understanding or ability with electronic equipment.

Applicants should have a degree or equivalent. Salary in the range £1,350-£1500.

Application forms from Appointments Officer, Kingston Polytechnic, Penrhyn Road, Kingston upon Thames KT1 2EE. 01-549 1366.

If you are a structural engineer in the aircraft industry and would welcome a change to the building industry, we may have a vacancy which will suit you in one of our London offices.

We are a large firm of structural and civil engineers engaged on the design of a variety of interesting projects at home and overseas, and if you would like to apply your structural analytical knowledge to a different branch of engineering such as ours, please do not hesitate to contact us as we may be just what you are looking for.
