The Rites of Identity

The Religious Naturalism and Cultural Criticism of Kenneth Burke and Ralph Ellison

Beth Eddy

Beth Eddy argues that Kenneth Burke was the most deciding influence on Ralph Ellison's writings, that Burke and Ellison are firmly situated within the American tradition of religious naturalism, and that this tradition—properly understood as religious—offers a highly useful means for considering contemporary identity and mitigating religious conflict.

"A rich, interesting, and lucidly argued study.... The author substantiates her claims with vigor and writes about the two authors with a very beguiling directness and clarity."—Giles Gunn, University of California, Santa Barbara

Cloth \$39.95 ISBN 0-691-09249-4 Due December

Democracy and Tradition

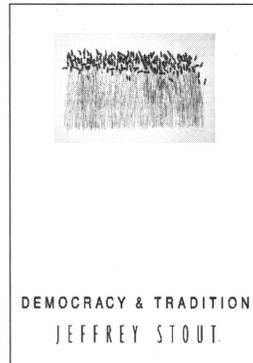

Jeffrey Stout

Asking how the citizens of modern democracy can reason with one another, this book carves out a controversial position between those who view religious voices as an anathema to democracy and those who believe democratic society is a moral wasteland because such voices are not heard. Here, drawing inspiration from Whitman, Dewey, and Ellison, Jeffrey Stout sketches the proper role of religious discourse in a democracy.

"Stout has done more than any other writer to bring to our attention the problems facing democracy due to our inability to talk things over with religious believers. His book is an original, engaging, and very important contribution to the discussion of these problems."—J. B. Schneewind, Johns Hopkins University

A Stone of Hope

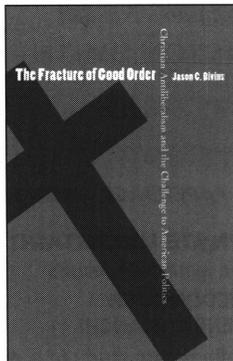

Prophetic Religion and the Death of Jim Crow

DAVID L. CHAPPELL

"One of the three or four most important books on the Civil Rights movement. . . . [Chappell] argues persuasively that revivalism engendered the Civil Rights movement's solidarity, leadership, worldview, and rhetoric. . . . [and] that the struggle against segregation triumphed owing not only to the religious views of southern blacks, but also to the religious views of southern whites."—Benjamin Schwartz, *The Atlantic Monthly*

"An important and wide-ranging book that asks essential, original and provocative questions."—Jane Dailey, author of *Before Jim Crow*

Approx. 272 pp., 25 illus. \$34.95 cloth

The Fracture of Good Order

Christian Antiliberalism and the Challenge to American Politics

JASON C. BIVINS

"Fascinating. . . . Uses the concept of Christian antiliberalism to tie together disparate figures such as the Berrigans, Jim Wallis, and Michael Farris. . . . This well-written book will stimulate the thinking of scholars and students."—Clyde Wilcox, Georgetown University

"Argues that many who advocate a return to religion do so in ignorance of what religion is. . . . Shows us religion that refuses to 'play nice.'"

—Winnifred Fallers Sullivan, University of Chicago
232 pp. \$45.00 cloth / \$18.95 paper
