The annual subscription is \$50 for Institutions and \$16 in 1971 for Ordinary Members. Junior Members (undergraduate and junior graduate students) may ask to have their subscription reduced to \$6 in 1971 p.a. Members of other mathematical societies with which the Australian Mathematical Society has entered into reciprocity agreements are admitted to membership and its privileges at half the current rates, if they are not normally resident in Australia.

Members of the Society receive copies of the JOURNAL free, and may subscribe to the BULLETIN at the price of \$4 per volume (\$8 p.a.). Members may elect to receive the BULLETIN instead of the JOURNAL.

The JOURNAL of the Australian Mathematical Society

The JOURNAL began publication in 1959. Normally one volume of four parts is published annually, at a price of \$18. Subscription orders and orders for back numbers should be sent to the Business Manager (address above). Manuscripts for publication should be sent to the Editor:

Professor B. Mond,
Department of Mathematics,
La Trobe University,
