

# Bird Conservation International

Published on behalf of BirdLife International

## Editor-in-Chief

Phil Atkinson, British Trust for Ornithology, UK

*Bird Conservation International* is a quarterly peer-reviewed journal focusing on the conservation of birds and their habitats. The official journal of BirdLife International, it provides stimulating, international and up-to-date coverage of a broad range of conservation topics, using birds to illuminate wider issues of biodiversity, conservation and sustainable resource use. *Bird Conservation International* publishes original papers and reviews, including specifically targeted articles and recommendations by leading experts.
